2025 CCF AUSTRALIAN INFRASTRUCTURE SUMMIT AND NATIONAL EARTH AWARDS

On behalf of Civil Contractors Federation nationally we extend a warm welcome and invite our members to attend and play a supporting role in the 2025 CCF Australian Infrastructure Summit and/or National Earth Awards.

In 2024 we hosted 250 delegates for our first Australian Infrastructure Summit post Covid, comprising industry, affiliate, government, department and stakeholder decision makers to our two-day event. Our National Earth Awards hosted 420 of the nations leading contractors, who are all winners and leading civil businesses at the state level.

The 2025 CCF Australian Infrastructure Summit is to be held at QT Canberra, the National Earth Awards and Civil industry dinner, which is part of the Summit, will be held also at QT Canberra and our Welcome Cocktail Reception at The Marion on Lake Burley Griffin. The CCF Australian Infrastructure Summit provides an excellent opportunity for Contractors, Associates, thought leaders and decision makers from our sector, industry, and government to exchange international, national and local best practice in delivering and maintaining civil infrastructure.

In addition to the event we also offer National Affiliate Partnerships and encourage State/Territory Associate memberships to maximise engagement with this expanding industry.

STATE ASSOCIATE PARTNER **\$2,500-\$5,000**

(8 STATE AND OR TERRITORY AVAILABLE - CORPORATE AND ASSOCIATE ONLY)

As a National Affiliate partner, it is encouraged to take at least 1-3 new or additional State and/or Territory Memberships. With the civil industry taking a key position nationally in delivering community enabling infrastructure and the energy transition we seek partnerships that support our delivery of key infrastructure.

Further direct engagement at the State/territory level will provide further detail to the following entitlements:

- Invitations to state/territory events including Earth and People awards, networking lunches, and conference events.
- Opportunities to engage directly business to business.
- State and or Territory based newsletters and industry briefings.
- Branding and additional sponsor opportunities.

Having both National Affiliate and State/Territory Associate Memberships provides optimum opportunity to connect, collaborate and construct the nations infrastructure in close mutual partnership. As such an indication of State/Territory of Interest is welcomed with that expression of interest to be passed on to the Branch:
