

Kerri Ross
1800 BAXTER
kerri_ross@baxter.com

Baxter Healthcare develops, manufactures and markets products that save and sustain the lives of people with immune disorders, infectious diseases, kidney disease, trauma, and other chronic and acute medical conditions.

Intensive care is a demanding environment where saving lives is a daily reality. Here, no two patients are alike, their conditions are complex and evolving, and clinicians must manage multiple pathologies, therapies and challenges. That's why Baxter is dedicated to serving the needs of the ICU community with a comprehensive portfolio of blood purification and fluid management products for therapies supporting multiple organs including the new PrisMax 2 Acute Therapy System.
