of Technology**

Workshop 1: Building Palliative Care Capabilities - Innovations in Learning and Teaching

Time: 1300-1530 17 November 2025

Venue: P Block 506, QUT Gardens Point Campus

Overview:

The ability to provide palliative care is a fundamental requirement for all graduates from nursing courses. This workshop will provide an opportunity for participants to reflect on the core palliative care capabilities required of nursing graduates, and to discuss innovative learning and teaching strategies and associated resources to build these capabilities.

Workshop Facilitators: Ms Sharon Wetzig, QUT and Dr Joanna Rego, QUT

Learning objectives:

At the end of this workshop, participants will understand:

- Key principles of palliative care
- Effective learning and teaching strategies for palliative care
- How to access evidence based resources to support learning and teaching in palliative care

Program Outline

Time	Session Focus	Activities
1:00	Welcome & Outline	<ul style="list-style-type: none">• Welcome & Introduction• Acknowledgement of Country
1:15	Key principles of Palliative Care	<ul style="list-style-type: none">• Background; Principles of palliative care
1:30	Group Activity 1: Case Scenarios	<ul style="list-style-type: none">• Five 'real-world' cases with guiding questions
1:55	Brain Break	<ul style="list-style-type: none">• Activity – Aussie Trivia
2:00	Teaching Palliative Care	<ul style="list-style-type: none">• Capability-driven (overview)• Learning approaches• Transferable skills• Innovative technology
2:20	Group Activity 2: Creative task	<ul style="list-style-type: none">• Lesson plan: how to talk to a person with a serious illness about goals of care.
2:40	Brain Break	<ul style="list-style-type: none">• Mindfulness practice – Square breathing exercise
2:45	Resources for teaching palliative care	<ul style="list-style-type: none">• PalliBytes / PCC4U content• AI Tools• PaCE Directory App• IPEPA Animations
3:15	Q&A and summary	<ul style="list-style-type: none">• Participant questions / reflections• Review of learning goals
3:30	Close	

6th Asia-Pacific Congress in Nursing Education (ACiNE) Workshop Program

Monday 17th November 2025

Workshop 2: Implementation of Advanced Practice Nursing Systems Across Countries

Time: 1330-1600 17 November 2025

Venue: P Block 506A, QUT Gardens Point Campus

Overview:

This workshop features four experts from the Asia-Pacific region who will share their countries' advanced nursing systems, policies, role functions, and practices, providing valuable insights into the development and implementation of advanced practice nursing globally.

Workshop Moderators: Dr Jing-Jy Wang, President APANE; Dr Mei-Chih Huang, National Tainan Junior College of Nursing; Yu-Yun Hsu, National Cheng Kung University

Workshop Presenters: Dr Wen-Yu Hu, National Taiwan University; Dr Jennifer Li Yuan, National University of Singapore; Dr Suzanne Williams, QUT; Dr Rei Kudoh, University of Tsukuba;

Program Outline:

Time	Event/Topic	Helper/Moderator
13:30~14:00	Check in	APANE Secretary Office
14:00~14:10	Opening	Wen-Yu Hu
14:10~15:50	Presentations 14:10~14:30 Wen-Yu Hu, Taiwan 14:30~14:50 Suzanne Williams, Australia 14:50~15:10 Jeniffer Li Yuan, Singapore 15:10~15:30 Rie Kudoh, Japan 15:30~15:50 Q & A & Discussion	Mei-Chih Huang Jing-Jy Wang
15:50~16:00	Closing	Yu-Yun Hsu

Workshop 3: Wound Care

Time: 1300-1615 17 November 2025

Venue: P Block 504 QUT Gardens Point Campus

Overview:

This workshop presents the latest innovations in wound care, providing practical insights for nurse educators. The workshop covers topics including wound assessment, evidence based skin integrity and wound management, and breakthroughs in wound care.

Learning Objectives:

At the end of this session participants will be able to:

- Describe the environmental impact of common wound care products and practices
- Explain the principles of planetary health and how they related to healthcare delivery, especially in wound management
- Identify sustainable alternatives in wound care

Workshop Presenters: Dr Christina Parker, QUT; Dr Ut Bui, QUT; Dr Sandra Johnston, QUT

Program:

Time	Topic	Presenter
12.00pm –1.00pm	Arrival/Registrations	
1.00pm-2.00pm	Session 1: The essentials of wound assessment	Christina Parker
2.00pm – 3.00pm	Session 2: Evidence-based skin integrity and wound management	Christina Parker
3.00pm-3.30pm	Session 3: Beyond the Bandage: Breakthroughs in Wound Care	Ut Bui
3.30pm – 4.00pm	Session 4: Sustainability and planetary health in wound care	Sandra Johnston
4.00pm – 4.15pm	Q & A
