

ARPS 2025

19-22 October 2025 | Amora Riverwalk Melbourne

**A GOLDEN MILESTONE:
CELEBRATING 50 YEARS
OF RADIATION PROTECTION
AND INNOVATION**

**SPONSORSHIP & EXHIBITION
OPPORTUNITIES**

Invitation to Partner

On behalf of the Organising Committee, I have the pleasure of inviting you to partner with the Annual Conference of the Australasian Radiation Protection Society (ARPS). This year is a momentous occasion as ARPS proudly celebrates its [50th anniversary](#). The conference will take place from **19–22 October 2025** at the beautiful [Amora Hotel, Melbourne](#).

Founded in 1975, ARPS has grown into a vibrant association of over 250 professionals dedicated to ensuring the safe use of ionising and non-ionising radiation across diverse fields, including medicine, science, industry, and mining.

This year's theme, ***"A Golden Milestone: Celebrating 50 Years of Radiation Protection and Innovation"***, highlights the legacy of ARPS while looking to the future. The conference will focus on:

- Training the next generation of radiation professionals
- Showcasing new technologies and applications
- Enhancing communication and stakeholder involvement

We are excited to curate a dynamic program designed to encourage meaningful discussions and promote engagement between delegates, exhibitors, and sponsors.

Over the years, we've been thrilled to witness growing participation from both delegates and exhibitors. For this landmark conference, we have crafted a range of sponsorship and exhibition packages to provide exceptional value and visibility for our partners. Our sponsorship team is also available to help tailor a package that aligns with your specific goals and objectives.

This is a unique opportunity to support ARPS, strengthen your network, and gain exposure among industry leaders while celebrating our golden milestone.

We sincerely hope you'll join us in Melbourne for this unforgettable conference. Thank you for your unwavering support of ARPS and the radiation protection community.

Dr Peter Harty
ARPS 2025 Convenor

We acknowledge the Traditional Owners of this land, the Wurundjeri Woi-wurrung peoples, and recognise their continuing connection to land, waters and culture. We pay our respects to the Wurundjeri Woi-wurrung Elders past, present and emerging.

Reasons to partner with ARPS in 2025

BRAND VISIBILITY

By associating your brand with ARPS, you enhance your visibility and credibility within the radiation protection industry. Your logo will be prominently displayed in conference materials, on the event website and throughout the venue, increasing brand recognition among attendees and reinforcing your position as a leader in the field.

TARGETED AUDIENCE

ARPS attracts professionals, researchers, policy-makers and industry leaders in the field of radiation protection from across Australasia. By sponsoring or exhibiting at this conference, you gain direct access to your target audience, allowing you to showcase your products, services, and expertise to those who are most likely to be interested.

NETWORKING OPPORTUNITIES

ARPS provides an ideal platform for networking with key decision-makers, experts, and potential collaborators in the radiation protection community. As a sponsor or exhibitor, you'll have the opportunity to engage in meaningful conversations, build relationships and explore potential partnerships that can benefit your organisation in the long term.

BUSINESS DEVELOPMENT

ARPS offers a platform for exploring new business opportunities, expanding your market reach, and generating leads. Whether you're looking to forge partnerships, secure contracts, or attract new customers, participating as a sponsor or exhibitor can help you achieve your business development goals in a cost-effective manner.

THOUGHT LEADERSHIP

Sponsoring or exhibiting at ARPS allows you to position your organisation as a thought leader and innovator in radiation protection. You can showcase your latest research, technologies and solutions through presentations, demonstrations and interactive exhibits, demonstrating your commitment to advancing the field and addressing current challenges.

- Engage and connect with scientific and technical professionals with a strong connection to Australia's radiation protection industry
- Leading the agenda on key industry issues by submitting an abstract for presentation – more details [HERE](#)
- Exclusive branding opportunities including the conference dinner, welcome reception, Wi-Fi, conference app, name badge, keynote speaker, concurrent sessions, program and electronic handbook, refreshment breaks and registration desk
- Engaging and connecting with professionals including directors, policy makers and administrators; as well as radiation practitioners at the coal face that are neck deep in real world applications of radiation
- Networking with delegates at social functions
- Generating extensive new leads and building on your relationships with potential and existing customers
- Accessing the key decision-makers for services, facilities, technology and equipment

Abstract themes

We encourage sponsors and exhibitors to submit an abstract for consideration. Please click [here](#) for more information.

- 1 Radiation protection in healthcare:** This theme focuses on enhancing radiation safety in healthcare settings by integrating radiation protection into medical practice and healthcare service quality. It aims to reduce unnecessary radiation exposure through justification and optimisation of radiological procedures and preventing accidental or unintended exposure.
- 2 Developments in radiation protection:** This theme covers the evolution of radiation protection measures driven by new technologies, realisation of previously unidentified effects, and the development of recommendations and regulations. It highlights the continuous improvement in instrumentation, modelling, assessment methods, and quality control.
- 3 Environmental:** This theme addresses the protection of human health and the environment from radioactive materials, including the disposal of radioactive waste and the management of NORM. It includes setting protective limits on radioactivity in soil, water, and air, and providing technical expertise and guidance for radiation protection.
- 4 Communication and engagement:** This theme emphasises the importance of effective communication and consultation strategies to promote openness, transparency and trust in radiation protection. It includes examples of stakeholder engagement, citizen science, education, provision of clear and accurate messages, and building public trust in regulatory bodies.
- 5 Operational radiation protection:** This theme focuses on practical control measures to restrict exposure from external radiation and minimise internal exposure in an operational setting. It includes the development of occupational radiation protection programs, the implementation of measures to reduce radiation hazards and doses, and the safe handling, processing, and disposal of radioactive waste.
- 6 Emergency management:** This theme covers the planning for, response to and recovery from radiological emergencies, including assessment, management, and protective measures. It includes planning, practising teamwork, and using protective actions such as evacuation, decontamination, and appropriate medical treatments.

"Attending and exhibiting at the ARPS conference was an exceptional experience. The organisation was flawless, ensuring that every session ran smoothly and on time. The conference provided unparalleled opportunities for networking with industry experts, allowing us to engage in meaningful discussions and forge valuable connections."

Exhibiting at the conference significantly enhanced our brand's visibility. The dedicated exhibitor sessions and well-structured layout ensured that we received ample attention from attendees. We highly recommend the ARPS conference to anyone looking to stay at the forefront of radiation protection and to those seeking to expand their professional network."

Roland Wong
Radiation Saunders

TRADE EXHIBITION STAND

As an exhibitor, you'll have direct access to a highly targeted audience of professionals, researchers, policymakers, and industry leaders in the field of radiation protection. This presents a valuable opportunity to showcase your products, services, and solutions to individuals who are actively seeking innovative solutions and advancements in the industry. Participating as an exhibitor, offers excellent visibility and brand exposure. Your booth will be prominently located within the exhibition hall, allowing you to attract the attention of attendees and increase awareness of your brand among key decision-makers and influencers in the radiation protection community.

- **EARLY BIRD VALID UNTIL 17 MAY 2025 – \$3,500**
- **STANDARD FROM 18 MAY 2025 – \$3,800**

PROMOTION

- Logo recognition in all conference promotional material, including conference program and venue signage
- Company logo and profile in the electronic Conference Handbook, and website
- Opted-in delegate list (name, position, organisation, state/country only)
