

Associate Professor Roderic Phillips

Associate Professor Roderic Phillips is a research scientist and a clinician.

He trained in paediatric dermatology at Great Ormond St Hospital, London. Since 1993, he has worked at the Royal Children's Hospital.

One of his particular clinical interests has been vascular birthmarks and lesions.

In conjunction with Tony Penington (plastic surgeon), Rod has coordinated the Vascular Anomalies Clinic at the Royal Children's for the past 20 years.

He is currently involved in several research projects aimed at improving outcomes in these children.
