

Workforce Attraction Incentive Scheme

We're incentivising health workers to move to Queensland and be apart of Metro North Health.

Interstate and international healthcare workers who move to Queensland and commence employment at Metro North may be eligible for the Payment of Scheme 1.

This means you may be eligible for a \$10,000 incentive payment on commencement.

After completing a full 12 months of service in Queensland you will receive another \$10,000.

For part-time employment, a pro-rata amount will be paid based on the part time hours of work (percentage).

Health workers currently living and working in Queensland will not be eligible for this program.

Healthcare workers eligible for this incentive are:

- medical doctors and specialists
- nurses
- midwives
- allied health professionals
- Aboriginal and Torres Strait Islander health workforce
- dentists
- oral health practitioners
- scientific officers. **

Make the move to Metro North Health today!
