

Thursday 30 June

Case Presentation and Round Table Discussion | 1600 - 1700
Best Coronary Practices
Panel: National and International Faculty
Moderators: Alistair Royse and John Brereton

Case Presentation and Round Table Discussion | 1700 - 1800
Optimal Management of Aortic Valve and Aortic Root
Pathologies
Panel: National and International Faculty

Friday 01 July

Scientific Session 1
Coronary Revascularisation
Moderators: John Brereton and Darren Walters

- | | | |
|-------------|-----|--|
| 0745 | | Welcome Address
Homayoun Jalali |
| 0755 | 1.1 | The Evidence for Surgical Revascularisation
David Taggart - International Guest Presenter (UK) |
| 0815 | 1.2 | Left Main Artery PCI
Ravinay Bhindi |
| 0830 | 1.3 | The Non-critical LAD Lesion. What to do?
Hugh Wolfenden |
| 0845 | 1.4 | Longitudinal Angiographic Outcomes of Conduits
Alistair Royse |
| 0900 | 1.5 | Arterial Revascularisation, Pearls and Pitfalls
James Tatoulis |
| 0915 | 1.6 | Bilateral IMA's in Octogenarians. Why not?
Sumit Yadav and Mohammad Azari |
| 0930 | 1.7 | The Importance of Long Term Follow up of our Surgical Results
John Brereton |
| 0945 | | MORNING REFRESHMENTS <i>Exhibition Area</i> |

Scientific Session 2

Mitral & Tricuspid Valve Interventions

Moderators: Trevor Fayers and David Mueller

- 1015 2.1 Leaflet Resection in Mitral Valve Repair
Anelechi Anyanwu - International Guest Presenter (Virtual)
- 1035 2.2 Why Valve Repair is a Better Outcome for the Patient than Valve Replacement?
Darryl Burstow
- 1055 2.3 Management of Patients with MAC and Severe Mitral Regurgitation
Michael Gardner
- 1115 2.4 Bileaflet Prolapse or Mitral Annular Disjunction? How to Repair?
Patrick Perier - International Guest Presenter (Virtual)
- 1135 2.5 Current Status of Transcatheter Mitral Valve Implantation
Gry Dahle - International Guest Presenter (Norway)
- Aortic Surgery Symposium**
- 1155 2.6 Management of Aortic Dissection with Extended Arch Surgery
Michael Moon - International Guest Presenter (Canada)
- 1215 LUNCH | *Exhibition Area*

Aortic Surgery Symposium - Continued

Moderators: George Matalanis and Nelson Alphonso

- 1315 AS.1 Lessons Learnt from 3 Decades of the David's Procedure
Tirone David - International Guest Presenter (Canada)
- 1335 AS.2 Bicuspid Valve Selection for the David Procedure - You've got to know when to hold 'em
Gebriene El Khoury - International Guest Presenter (Belgium)
- 1355 AS.3 Refining the Indications for Ross Procedure for AVR in Younger Adults Vs Bio-root Bentall Procedure in the TAVI Era
Peter Skillington

- 1415 AS.4 Are the PEARS Ripe for the Prime Time?
Adam El Gamel
- 1435 AS.5 A Balanced Approach to Valve Sparing Repair
Homayoun Jalali
- 1455 AS.6 Ross to Salvage a David and David to Salvage a Ross
Gebrine El Khoury - International Guest Presenter (Belgium)
- 1515 AFTERNOON REFRESHMENTS | *Exhibition Area*

Aortic Surgery Symposium - Continued

Moderator: Bruce French and Douglas Wall

- 1545 AS.1 DHCA and Cerebral Protection
Eric Janes
- 1600 AS.2 Acute Type A Dissection, a New Treatment Paradigm
George Matalanis
- 1615 AS.3 Rapid Deployment and Sutureless Valves in AVR
Kevin Teoh - International Guest Presenter (Canada)
- 1635 AS.4 The Hemi-arch Procedure is Still Best Operation for Acute Type A Dissection
Manu Mathur
- 1650 AS.5 Why and how I Include a Hemi Arch for my VSARS every/most times?
Paul Bannon
- 1705 AS.6 Branch First Total Arch Replacement. Results and Lessons Learnt from Two Decades Experience
George Matalanis
- 1720 AS.7 Mini-access Total Arch and Frozen Elephant Trunk
Tristan Yan
- 1735 AS.8 Recurrent Coarctation - Anatomic, Extra-anatomic or Stent
Richard Chard
- 1750 Discussion
- 1800 - 1900 WELCOME RECEPTION | *Exhibition Area*

0700 - 0740 SUNRISE SESSION: Supporting Vein Grafts: No Touch Technique or VEST External Stent?
David Taggart - International Guest Presenter (UK)
Moderator: Gry Dahle - International Guest Presenter (Norway)
SPONSORED BY:  Advanced Biomedical

Master Class 1
Management of Atrial Dysrhythmias
Moderators: Adrian Pick and Timo Weimar
SPONSORED BY: AtriCure

- 0700 AF Prevalence and Clinical Consequences
Adrian Pick
- 0710 The Evidence for Treating AF (and why are we not treating AF)
Adrian Pick
- 0720 Structured Lesion Sets
Timo Weimar - International Guest Presenter
- 0730 **How to Improve Personal Results**
Homayoun Jalali
- 0740 Does it Work? How to Interpret EP and Surgical Data Follow up?
Rukshen Weerasooriya

Scientific Session 3
Coronary Revascularisation
Moderators: Alistair Royse and Rustem Dautov

- 0745 3.1 Total Arterial Revascularisation: The Literature and Contemporary Registry Analysis
Alistair Royse
- 0800 3.2 Management of Anomalous Coronary Arteries in Adult Practice
Ian Nicholson
- 0815 3.3 The Radial Artery: Ease, Versatility, Safety and Durability
Hugh Paterson

- 0830 3.4 When Should we do Single, Multiple or Total Arterial Grafts
David Taggart - International Guest Presenter (UK)
- 0850 3.5 MIDCAB, Why is no one Interested?
Hugh Wolfenden
- 0905 3.6 Scenarios I would like to see CTS and IC Working Together for more Hybrid Revascularisation?
Rustem Dautov
- 0920 3.7 The Survival Benefit of CABG in Stable Angina and why the Guidelines should be Redefined
Aashray Gupta
- 0935 Discussion
- 0945 MORNING REFRESHMENTS | *Exhibition Area*

Scientific Session 4

Trans Catheter Interventions and where Cardiac Surgeons fit? Moderator: Gry Dahle and Michael O'Keefe

- 1015 4.1 Destructive Root Endocarditis and the Commando Operation
Tirone David - International Guest Presenter (Canada)
- 1035 4.2 Low Flow, Low Gradient Severe AS
Mohsen Habibian
- 1050 4.3 Minimally Invasive AVR
Miste Chia and Pragnesh Joshi
- 1105 4.4 The Expanding Indications for TAVR
Darren Walters
- 1120 4.5 New Approaches to Transcatheter Aortic Valve Implantation
Martin Ng
- 1135 4.6 Surgeons in TAVI, Luxury Appendage or a Required Team Member?
Jayne Bennetts
- 1150 4.7 TAVI: We need a (Cardiac) Surgeon ASAP in the Cath-lab.
Emily Granger
- 1205 Discussion
- 1215 LUNCH | *Exhibition Area*

Scientific Session 5
Therapies for Atrial Fibrillation
Moderators: Michael Yii and Trevor Fayers

- 1315 5.1 AF in Perspective – Which Patients the EP can and can't Treat
Rukshen Weerasooriya
- 1330 5.2 It is Standard of Care: Surgical AF Treatment
Timo Weimar - International Guest Presenter (Germany)
- 1350 5.3 Simplifying the Concomitant MAZE Closed Maze Video
Aortic Modification Video
Adrian Pick
- 1405 5.4 Procedures for Lone AF Convergent (Operative
Technique) Video
Pragnesh Joshi
- 1420 5.5 TT Maze (Operative Technique) Video
Adrian Pick
- 1435 5.6 Can the Maze Procedure be Enhanced?
Homayoun Jalali
- 1445 5.7 A Small Intervention with High Impact: LAA Management
Timo Weimar - International Guest Presenter (Germany)
- 1500 5.8 Can EP and Surgeons Work Together? How and Why?
Emily Kotschet
- 1515 AFTERNOON REFRESHMENTS | *Exhibition Area*

Scientific Session 6
Moderator: Michael Gardner and Julie Humphries

- 1545 6.1 Mitral Valve Reconstruction in Endocarditis
Gebrine El Khoury - International Guest Presenter (Belgium)
- 1605 6.2 Unresolved Issues in Mitral Valve Repair for Leaflet
Prolapse
Tirone David - International Guest Presenter (Canada)
- 1625 6.3 The History and Current State of the Art of Mitral Surgery
for Heart Failure
Greg Scalia

Saturday 02 July

- | | | |
|------|-----|--|
| 1645 | 6.4 | When I Recommend TEER
David Muller |
| 1705 | 6.5 | Transcatheter Interventions for the Tricuspid Valve
Gry Dahle - International Guest Presenter (Norway) |
| 1725 | 6.6 | Minimally Invasive and Robotics in Mitral Valve Surgery
Trevor Fayers |

Sunday 03 July

Master Class 2 | 0745 - 0915
Aortic Devices and Stents

Moderators: George Matalanis, Tristan Yan and Michael Moon

SPONSORED BY: **ARTIVION**
Formerly CryoLife | Jotec

-
- | | |
|------|--|
| 0745 | Disease Introduction
George Matalanis |
| 0755 | AMDS: A Novel Treatment of Type A Dissections
Michael Moon - International Guest Presenter |
| 0815 | AMDS: Device Selection
Daniel Chan - International Guest Presenter (Virtual) |
| 0835 | Evita Open Neo: The Next Generation
George Matalanis |
| 0855 | Human-X Deployment of Neo/AMDS
George Matalanis |
| 0910 | FET with the Thoraflex Graft
Tristan Yan |

Trainee and Young Surgeons Symposium Moderators: Emily Granger and Charles Jenkins

- 0930 T.1 David's Procedure Step by Step
Tirone David - International Guest Presenter (Canada)
- 0950 T.2 Tips and Pitfalls for Rapid Deployment and Sutureless Valves
Kevin Teoh - International Guest Presenter (Canada)
- 1010 T.3 Surgeons can and Should do TAVI
Gry Dahle - International Guest Presenter (Norway)
- 1030 T.4 How to Learn Ross Procedure from Scratch
Michael O'Keefe
- 1050 T.5 Should I Aim to Become a Superspecialist or Multiskilled or both or none?
Homayoun Jalali
- 1100 BRUNCH WITH THE INTERNATIONALS

Trainee and Young Surgeons Symposium Moderators: Emily Granger and Charles Jenkins

- 1200 T.6 Quality Assessment in Bypass Grafting, Interactive Clinical Scenarios
David Taggart - International Guest Presenter (UK)
- 1220 T.7 Success with the Maze Procedure from the start of your Career
Timo Weimar - International Guest Presenter (Germany)
- 1240 T.8 Systematic Approach to Valve Repairs
Gebrine El Khoury - International Guest Presenter (Belgium)
- 1300 T.9 An Introduction to Aortic Arch Devices
Michael Moon - International Guest Presenter (Canada)
- 1320 T.10 Case Presentation and Panel Discussion
Emily Granger
- 1330 CONFERENCE CLOSE
