Welcome

Welcome from the Meeting Organising Committee

Dear Colleagues,

It is with great pleasure I invite you to be involved in the 2021 USANZ WA State Section Meeting, to be held at the Pullman Bunker Bay commencing Friday 01 and concluding Sunday 03 October.

Our invited guest presenters, Matthew Bultitude, Ben Challacombe and Rick Popert from the UK, will be presenting virtually.

We strongly encourage delegates to submit their own abstracts to be considered for inclusion within the final scientific program and contribute to the overall educational experience.

The social program consists of the Saturday night conference dinner at Wise Winery and promises to be an exciting evening complete with music and fantastic food.

I look forward to welcoming you all to the meeting, which will, with everyone's contribution and involvement provide both a strong educational program and pleasurable experience for delegates.

Matt Brown

2021 USANZ WA Convenor

Registration

The conference has a dedicated secure 24 hour online registration website at your fingertips. Access enables you to update your details instantly.

Visit www.tayloredimages.com.au click on "events" scroll to the events schedule and select your conference. To register delegates should select 'Register Online'. At this step select 'Submit your Abstract' if submitting an abstract.

Upon completion of the registration process you will be automatically supplied with a summary & confirmation of your registration.

Please note all documentation for this conference is correct at the time of publication. However, Taylored Images & the Urological Society of Australian and New Zealand (USANZ) reserves the right to change dates, the program and speakers without notice as a result of circumstances beyond its control.

CPD

Continuing Professional Development

The 2021 Urological Society of Australia & New Zealand's Western Australia State Section Meeting will be submitted for accreditation with the Royal Australasian College of Surgeons for points towards 2021 CPD totals.

Guest Presenters

Due to Government Travel Restrictions, International Guest Presenters will be presenting virtually.

USANZ reserves the right to change speakers as a result of circumstances beyond its control.

Matthew Bultitude - UK

Matthew Bultitude is a general urologist at Guy's and St Thomas' Hospital with a specialist interest in stone disease. Since January 2018 he is clinical lead for the urology department.

He undertakes a wide range of general urological procedures and has a sub-specialist interest in the medical and surgical aspects of stone disease. Matthew has been involved in a number of clinical research projects. His thesis as part of his MSc assessed the safety of flexible ureteroscopy. His clinical papers have included management of stone disease in the morbidly obese; encrusted ureteric stents; flexible ureteroscopy; renal trauma.

Ben Challacombe - UK

Ben Challacombe was appointed consultant urological surgeon to Guy's and St Thomas' Hospitals in 2010 following his dedicated da Vinci robotic fellowship in Melbourne, Australia. He is able to offer patients complex surgery of the prostate, bladder and kidney, with a particular focus on laparoscopic and robotic procedures, as well as HoLEP laser treatment for benignly enlarged prostates. His specialist training included periods at Guy's and St Thomas', The Royal Melbourne and The Royal Marsden Hospitals.

He has performed over 1000 Robotic Radical Prostatectomies, over 380 Robotic Partial Nephrectomies (the highest number in the UK) and over 600 Holmium laser prostatectomies. He is involved in academic research into prostatic and kidney disease having written over 190 peer-reviewed publications and 20 book chapters on this subject. Ben won the Rowan Nicks UK and Ireland Scholarship from the Royal Australasian College of Surgeons in 2009 and lectures for Prostate Cancer UK.

Rick Popert - UK

Rick Popert was appointed as a consultant in 1996 having completed his higher surgical training at Guy's Hospital and urological research at King's College Hospital. Mr Popert's clinical expertise is in the comprehensive evaluation and surgical treatment of benign and malignant prostatic disease. He has the UK's largest experience of single visit dynamic intra-operative prostate brachytherapy and has carried out over 800 of these cases since 2004, with Dr Stephen Morris and Dr Ronald Beaney, Consultant Clinical Oncologists.

He is an expert in Precision Prostate Diagnostics and has developed a rapid access prostate MRI assessment service with Dr Giles Rottenberg, Consultant Radiologist, along with a unique systematic transperineal biopsy.
