WELCOME

2021 Techno Practicum College

The boundaries between cardiac surgery and interventional cardiology have never been overlapping so extensively. More than ever it is imperative that we cardiac surgeons apply best current practices, provide minimally invasive access whenever suited and embrace transcatheter interventions within a collaborative heart team environment.

The 2021 Techno Practicum College Heart Team Meeting will run from Saturday 12 - Sunday 13 June at the Sofitel Brisbane Central.

This meeting will bring together international and local specialists within the cardiac surgery and cardiology fields to consider new innovations and areas of challenge.

The Techno Practicum College aims to provide a unique venue to combine the latest advances in interventional cardiology and cardiac surgery along with the most modern imaging technologies needed for their successful implantation.

I thank you for your consideration and look forward to seeing you in Brisbane.

ABSTRACTS

Call for Abstracts

Scientific papers are invited for oral presentations, mini orals and poster presentations. Authors should submit abstracts written in English to Taylored Images no later than 1200 noon Eastern Standard Time (EST) on **Friday 16 April 2021**. Papers received after this date will not be accepted for inclusion in this year's program.

Taylored Images is Interactive. This enables you to view & amend your existing data on the current conference database. The procedure streamlines your abstract submission and registration process offering ease, efficiency & 24 hour access. The Interactive System is "live"; allowing new & existing conference delegates to register, submit abstracts, book accommodation and much more. Interactive increases accuracy & supplies you with an automatic summary & confirmation of your abstract and registration instantly upon submission.

All abstracts submitted are subject to review by the Scientific Program Committee and will, if accepted, be assigned to either oral or poster presentation. Authors may indicate preference for oral (podium) presentation and/or poster presentation during the interactive Abstract submission process. Once abstracts have been accepted for presentation, no changes will be accepted to their content.

Submission Methods
