

0800 **REGISTRAR TRAINING MORNING 1**

1000 MORNING REFRESHMENTS | *Exhibition Area*

1030 **REGISTRAR TRAINING MORNING 2**

1200 LUNCH | *Exhibition Area*

## **Scientific Session 1 - Renal and Localised Prostate** **Panel: Rick Catterwell, Joe Ischia, Andrew Tan, Richard Pemberton**

1245 Welcome  
**Isaac Thyer**

1300 1.1 Pushing the boundaries in partial nephrectomy  
**Rick Catterwell - Invited Guest Presenter**

1315 1.2 Review of outcomes from Robotic Surgery (partial nephrectomy and radical prostatectomy) at SCGH/OPH  
**Feroza Jeewa**

1330 1.3 Treatment of Renal masses with radiotherapy in Western Australia  
**Colin Tang**

1345 1.4 Ablative techniques for SRM  
**Will Ormiston**

1400 1.5 Establishing a focal prostatic brachytherapy service in Western Australia  
**Eve Tiong**

1415 1.6 Role of Active surveillance in GG2 PCa  
**Joseph Ischia - Invited Guest Presenter**

1430 1.7 Autonomic nerve invasion predicts PSA failure in T3a Gleason 7 margin negative prostate cancer after radical prostatectomy  
**Ronald Joseph Cohen**

1445 1.8 Should we selectively or routinely perform a cystogram post robot-assisted radical prostatectomy? A single surgeon experience  
**Dhanushke Fernando**

1500 AFTERNOON REFRESHMENTS | *Exhibition Area*

## **Scientific Session 2 - Andrology / Incontinence** **Chairpersons: Jeff Thavaseelan, Shane La Bianca, Jess Yin**

1530 2.1 Update on Peyronies disease  
**Eric Chung - Invited Guest Presenter**

1545 2.2 Priapism: Is it too hard? A Single Centre Retrospective Audit of Emergency Department Management  
**Shaun Zhu**

1600 2.3 Update on male stress incontinence  
**Eric Chung - Invited Guest Presenter**

1615 2.4 Development of transgender service in WA  
**David Sofield**

1630 2.5 Retrospective review of urogenital injuries associated with pelvic trauma in WA (RPH)  
**Feroza Jeewa**

1645 2.6 Pelvic floor procedure registry update  
**Jess Yin**

1655 2.7 Indocyanine Green in Aiding Ureteric Identification – A Single Centre Experience  
**Kate Valentine**

1710 SPEED DATING WITH THE INDUSTRY | *Exhibition Area*

1800 WELCOME COCKTAIL RECEPTION | *Exhibition Area*

**Scientific Session 3 - Bladder Cancer and Advanced Prostate**  
**Chairpersons: Dickon Hayne, Jerard Ghossein, Alarick Picardo, Rob Goodwin**

- |      |     |                                                                                                                                                                                              |
|------|-----|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 0800 | 3.1 | Investigator Initiated Bladder Cancer Clinical Trials in WA - an update<br><b>Dickon Hayne</b>                                                                                               |
| 0815 | 3.2 | Robotic Assisted Radical Cystectomy with Intra Corporal Urinary Diversion. The first WA series. Single Surgeon Experience<br><b>Jerard Ghossein</b>                                          |
| 0830 | 3.3 | Clinical outcomes with introduction of robotic-assisted radical cystectomy in Western Australia<br><b>Stephen McGeorge</b>                                                                   |
| 0845 | 3.4 | Novel antiandrogens and the urologist<br><b>Rick Catterwell - Invited Guest Presenter</b>                                                                                                    |
| 0900 | 3.5 | Measures of success of new immune agents in urology<br><b>Joseph Ischia - Invited Guest Presenter</b>                                                                                        |
| 0915 | 3.6 | Re-Evaluating Re-Resection in High-Grade Bladder Cancer: an 18-Year Retrospective Study<br><b>Matthew Chau</b>                                                                               |
| 0925 | 3.7 | Evaluation of Postoperative Mitomycin Use and Surgical Outcomes in Radical Nephroureterectomy: A Comparative Audit from 2015 to 2024 at a Tertiary Referral Centre<br><b>Lara Harrington</b> |
| 0935 |     | MORNING REFRESHMENTS   <i>Exhibition Area</i>                                                                                                                                                |

**Scientific Session 4 - Mixed**  
**Chairpersons: Melvyn Kuan, Jes Judge, Aleks Vujovic, Kara McDermott**

- |      |     |                                                                                                                                                                                                         |
|------|-----|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1000 | 4.1 | Radiology quiz<br><b>Martin Marshall</b>                                                                                                                                                                |
| 1030 | 4.2 | The entrepreneurs journey<br><b>Joseph Ischia - Invited Guest Presenter</b>                                                                                                                             |
| 1045 | 4.3 | Evaluating and mitigating surgical risk<br><b>Rick Catterwell</b>                                                                                                                                       |
| 1100 | 4.4 | Renal Colic in Pregnancy: A 10-year audit of investigations and management of pregnant patients with renal colic or symptomatic hydronephrosis in a tertiary Australian hospital<br><b>Sam Mcdonald</b> |
| 1115 | 4.5 | A sustainable approach to waste management in urology: Implementing a 'Green Moment' to encourage recycling in the operating theatre<br><b>Dearbhla Treacy</b>                                          |
| 1125 | 4.6 | Carbon Footprint of Transperineal Prostate Biopsy. A Real-World Australian Perspective Comparing the Outpatient versus the Operating Theatre Clinical Setting<br><b>Ashley Lee</b>                      |
| 1135 | 4.7 | MIPS in BPH male LUTS<br><b>Eric Chung - Invited Guest Presenter</b>                                                                                                                                    |

- 1150 Renal Colic in Pregnancy: A Survey of Urologists in Western Australia on investigations and management of renal colic and symptomatic hydronephrosis in Pregnancy  
**Sam Mcdonald**
- 1200 Tony Low Oration
- 1300 LUNCH | *Exhibition Area*
- 1400 **USANZ WA Business Meeting**

**Scientific Session 5 - Registrar Presentations**  
**Chairpersons: Eric Chung, Patrick Teloken, Jenny Kong**

- 1430 5.1 Australia and New Zealand Prostate Cancer Outcomes Registry (PCOR-ANZ) - WA Launch  
**Nik Zeps**
- 1440 5.2 Urothelial carcinoma in situ of the entire urinary tract with invasion into seminal vesicle  
**Vivien Hsu**
- 1450 5.3 Nurse led Prostate Cancer at RPH – A recovery solution to CoVID  
**Brennan Timm**
- 1500 5.4 ROBOT-WARS: Robotic-Assisted Surgery Among Western Australian Urology Registrars: A Statewide Survey  
**Bradley Reynolds**
- 1510 5.5 External Validity of the American College of Surgeons Surgical Risk Calculator in Cystectomy for Urothelial Malignancy: An Australian Single Centre Analysis  
**Bryce Stewart**
- 1520 5.6 Clinical Value Of 18F-FDG-PET Compared with CT scan in The Detection of Nodal and Distant Metastasis in Urothelial Carcinoma or Bladder Cancer  
**Mohammed Al-Zubaidi**
- 1530 5.7 Outreach to the Goldfields - Workload of a Urologist in Regional Western Australia  
**Dhanushke Fernando & Robert Goodwin**
- 1550 5.8 Translocation renal cell carcinoma with tumour-thrombus invasion into renal vein in an adult patient  
**Vivien Hsu**
- 1600 5.9 Renal mass evaluation with technetium 99m-sestamibi SPECT/CT  
**Lara Harrington**
- 1610 5.10 Critical appraisal of the NORAPP trial comparing antibiotic prophylaxis with no antibiotics for transperineal prostate biopsies  
**Stephen McGeorge**
- 1620 5.11 Peri-operative Naloxegol use in the prevention of post-operative ileus in open radical cystoprostatectomy patients in WA  
**Pravin Viswambaram**
- 1630 Afternoon Refreshments | *Exhibition Area*
- 1900 CONFERENCE DINNER | *La Capannina*
