

ANZCA CPD EMERGENCY RESPONSE SERIES

Can't Intubate, Can't Oxygenate (CICO) & Advanced Life Support (ALS)

The Newcastle Anaesthesia Conference

Friday, 24 June 2021

CICO: 0830 – 1200hrs

3.5
CPD HOURS

Suitable for

Anaesthesia consultants, anaesthesia nurses, anaesthesia technicians & recovery nursing staff

Aim

To prepare anaesthesia providers for managing a CICO crisis

Outline

Using a combination of skills stations, facilitated discussions and scenario based learning, participants will develop and practise the skills, knowledge and attitudes required to recognise and manage the CICO crisis. This course promotes a team-based approach and anaesthesia assistants are encouraged to attend with their medical colleagues. This session may also satisfy requirements for the ANZCA CPD program Practice Evaluation category: Team training scenario within own work environment, with usual work team.

Content

Topics include review of available CICO guidelines, decision making and recognition of the CICO crisis, team response to CICO, and tips & techniques for performing needle cricothyroidotomy and surgical airway

ALS: 1300 – 1600hrs

3
CPD HOURS

Suitable for

Anaesthesia consultants, anaesthesia nurses, anaesthesia technicians & recovery nursing staff

Aim

To provide a refresher in the management of peri-operative cardiac arrest

Outline

This half day simulation-based hands on course focuses on the management of cardiac arrest in the peri-operative setting. Using a combination of facilitated discussions and simulations, participants will develop and practise the skills, knowledge and attitudes required to manage a perioperative cardiac arrest. This course promotes a team-based approach and anaesthesia assistants are encouraged to attend with their medical colleagues. This session may also satisfy requirements for the ANZCA CPD program Practice Evaluation category: Team training scenario within own work environment, with usual work team.

Content

Topics include ALS algorithm refresher, including management of shockable and non-shockable rhythms, and team response to cardiac arrest

Participants in the ANZCA CPD Program may claim these courses as emergency response activities in their CPD portfolio

Cost for each course (includes GST):

<u>Consultants</u>		<u>Nursing staff & anaesthesia technicians</u>	
HNE Health (incl. VMO)	\$745*	HNE Health	\$108
Other	\$898	Other	\$254

* Subsidised by JHH Department of Anaesthesia
