

SATURDAY 24 MAY

OPTIONAL WORKSHOPS

07:30 - 09:00	CICO Workshop The PANNZ CICO workshop is designed as a refresher to maintain the necessary skills to manage emergency front of neck access in critical airway emergencies. The workshop will include an emphasis on current management strategies in children. The 90-minute program will involve hands on learning and the simulation of an airway emergency. Participants in the ANZCA and FPM CPD program may claim this workshop/course as a CICO emergency response activity in their CPD portfolio. Facilitators: Richard Collins, James Dalby-Ball <i>Limited to 16 persons</i>	Manawa Simulation Centre
	Resus Workshop The PANNZ Cardiac Arrest workshop involves hands-on simulation exercises and debriefing discussions designed to achieve specific objectives of the ANZCA CPD Cardiac Arrest Emergency Module. A certificate of completion will be issued. Though most of the principles of cardiac arrest in children are similar to adults, there are some very important differences and challenges. There are also important differences in aetiology and conduct of cardiac arrest in the operating room environment. Participants will care for children of different ages in a simulated operating room or recovery area, working in teams and within their scope of practice. These workshops will be accredited as 'Emergency Response Activities' by ANZCA. Facilitators: KC Law, Max Martensson, Toby Kane <i>Limited to 16 persons</i>	Manawa Simulation Centre

PANNZ UPDATE MEETING

08:30	Registration Open	Rolleston Lecture Theatre Foyer
09:30	Welcome & Opening	Rolleston Lecture Theatre
09:30	Te ao Māori welcome to Ōtautahi Christchurch	
09:35	PANNZ welcome	
09:40	Organsing committee welcome	

SESSION AIRWAY		Chair: Caroline Zhou, Tauranga & Yani Chauh, Te Papa-i-Oea Palmerston North
-------------------------	--	---

09:45	09:45	Emergency management of the paediatric difficult airway - anaesthesia <i>Richard Collins, Ōtautahi Christchurch</i>	Rolleston Lecture Theatre
	10:00	Emergency management of the difficult paediatric airway - ENT <i>Sam Grieg, Ōtautahi Christchurch</i>	
	10:15	Video Laryngoscopy and Fibre Optic Intubation for children <i>James Dalby-Ball, Ōtautahi Christchurch</i>	
	10:30	Managing the child with the inhaled foreign body <i>David Linscott, Ōtautahi Christchurch</i>	
	10:45	Panel Discussion	

11:15	MORNING TEA	
--------------	--------------------	--

SESSION BREATHING		
----------------------------	--	--

11:45	11:45	Respiratory failure from respiratory infections - looking after sick kids <i>Sam Dalton, Ōtautahi Christchurch</i>	Rolleston Lecture Theatre
	12:00	Use of high-flow nasal oxygen in children <i>Ross Scott-Weekly, Ōtautahi Christchurch</i>	
	12:15	Mediastinal masses <i>Toby Kane, Ōtautahi Christchurch</i>	
	12:30	Take a deep breath - Calming techniques for children and anaesthetists <i>Carrie Mann, Whangārei</i>	
	12:45	Panel Discussion	

13:15	LUNCH	
--------------	--------------	--

SATURDAY 24 MAY

CONCURRENT SESSIONS

14:15	Concurrent Session 1: (not just) Circulation		Chair: Richard More, Waihōpai Invercargill
14:15	A good manikin is hard to find - a journey of in-situ simulation in NZ <i>Allanah Scott, Te Matau-a-Māui Hawkes Bay</i>		Rolleston Lecture Theatre
14:35	Practical tips for difficult vascular access in small children <i>Max Martensson, Ōtautahi Christchurch</i>		
14:55	TIVA <i>Tim O'Brien, Tauranga Hospital</i>		
15:15	Regional Anaesthesia - Plan A Blocks <i>Savini Wijesingha, Ōtautahi Christchurch</i>		
15:55	Panel Discussion		
14:15	Concurrent Session 2		
14:15	This is a session for anaesthetic technicians and assistants, focusing on the following: <ul style="list-style-type: none">• EZIO – Intraosseous access• DRSABC – infant, child• Defibrillation – AED and manual defibrillation• Airway management – AirQ LMA, video-laryngoscope intubation (glidescope and McGrath)• IV cannulation with ultrasound guidance		Padua Lecture Theatre

16:15 AFTERNOON TEA

SESSION | M+M INTERESTING CASES

16:35	Interesting cases panel discussion - common clinical scenarios - clinical decision making Speakers: <ul style="list-style-type: none"> • Richard More, Waihōpai Invercargill • Sheila Barnett, Ōtepoti Dunedin • Richard Collins, Ōtautahi Christchurch • Elsa Taylor, Tāmaki Makaurau Auckland 	Rolleston Lecture Theatre

SUNDAY 25 MAY

09:00 - 16:00	EPIC Workshop EPIC is the Effective Peri-Procedural Communication interest group within SPANZA. EPIC aims to provide language, communication and imaginative techniques for every child, every time they have a medical procedure. The EPIC workshops teach these techniques to help health professionals engage with children and their families and enhance their ability to manage medical procedures. The learning in the course is interactive and experiential. Background knowledge is provided prior to the course in an e-learning format which covers the basic principles and provides examples of techniques used. These techniques will then be taught experientially in the course.	Steve Williams Lecture Theatre
