

09.00	Registration desk open			Glade Pavilion
<b>DIABETES TECHNOLOGY MASTERCLASS</b> Chair: Dr Carmel Smart				Ballroom combined
10.00	<b>Interpretation of Downloads</b> Ms Lucy Casson, Total Diabetes Care, NSW			
10.25	<b>Optimizing settings to support high TIR stratified by system- what dials can we turn and when should we turn them</b> Ms Kathleen Irwine, Perth Children’s Hospital, WA			
10.45	<b>Post-prandial glycaemia as the limiter to higher TIR- challenging meals and AID</b> Ms Sarah Beer, Starship Hospital, NZ			
11.05	<b>Managing Acute Unwellness on your Insulin Pump</b> Ms Rebecca Gebert, The Royal Children’s Hospital, VIC			
<b>WELCOME, OPENING AND ROBERT VINES LECTURE</b>				Ballroom combined
12.00	<b>Acknowledgement of Country &amp; Opening Ceremony</b> <b>ANZSPED President:</b> Dr Peter Simm, Royal Children’s Hospital, VIC			
12.15	<b>ROBERT VINES LECTURE</b> <b>Youth Onset Type 2 Diabetes – Intergenerational Risk, Early Life Determinants and First Nations Perspectives</b> A/Prof Brandy Wicklow, University of Manitoba and Children’s Hospital Research Institute of Manitoba, Canada			
13.15	Lunch			Glade Pavilion
CONCURRENT SESSIONS				
<b>POWERING UP DIABETES: HOW TECH AND EXERCISE ARE TEAMING UP</b> Chairs: Ms Meredith Purvis		Ballroom 3	<b>ENDOCRINOLOGY FREE PAPERS</b> Chair: Dr Kerry Buchanan	Ballroom 1/2
14.00	Introduction		14.00	<b>Increasing rates of identified aetiologies in Hyperinsulinism: A 20-year study in Western Australia</b> A/Prof Mary Abraham, Perth Children’s Hospital, WA
14.05	<b>The use of automated insulin delivery around physical activity and exercise in type 1 diabetes</b> Prof Liz Davis, Perth Children’s Hospital, WA		14.10	<b>A Multicentre Australian Experience of the management of Congenital Hyperinsulinism with Long-Acting Somatostatin Analogues</b> Dr Ashley Alexander, Children’s Hospital Westmead, NSW
			14.20	<b>Review of growth hormone effects in Noonan Syndrome in an Australian context, an observational study utilizing the ANZSPED patient registry (APR)</b> Dr Sarah Black, Perth Children’s Hospital, WA
14.20	<b>Case Study 1</b> ▶ <i>Nutrition:</i> Mr Steve Flint, University of Melbourne, VIC  ▶ <i>Diabetes Educator:</i> Mrs Carolyn Judge, Sydney Children’s Hospital Network, NSW		14.30	<b>Single nuclei transcriptomic analysis for identification of recombinant adeno-associated virus serotypes for efficient gene delivery to the adrenal cortex</b> Dr Lara Graves, Children’s Hospital Westmead, NSW
			14.40	<b>Genotype and cardiovascular risk - An Australian first genotype-phenotype correlation of paediatric familial hypercholesterolaemia</b> Dr Belema Dede, Children’s Hospital Westmead, NSW
14.40	<b>Case Study 2</b> ▶ <i>Nutrition:</i> Mr Steve Flint, University of Melbourne, VIC  ▶ <i>Diabetes Educator:</i> Mrs Carolyn Judge, Sydney Children’s Hospital Network, NSW		14.50	<b>Utilising Global Collaboration to Develop an Accessible Lay Summary of the International Guidelines for the Diagnosis and Management of Hyperinsulinism</b> A/Prof Louise Conwell, Queensland Children’s Hospital, QLD
			15.00	<b>Supporting the establishment of newborn bloodspot screening (NBS) for congenital hypothyroidism (CH) in Honiara, Solomon Islands, using cord blood</b> Dr Stephanie Ly, Sydney Children’s Hospital Network, NSW

<b>POWERING UP DIABETES: HOW TECH AND EXERCISE ARE TEAMING UP (CONT.)</b> Chairs: Ms Meredith Purvis		Ballroom 3	<b>ENDOCRINOLOGY FREE PAPERS (CONT.)</b> Chair: Dr Kerry Buchanan		Ballroom 1/2
15.00	<b>Living with Diabetes and Automated Insulin Delivery for Sport</b>		15.10	<b>Gonadectomy in individuals with Differences of Sex Development – A two year prospective I-DSD Registry Study</b> Dr Michele O’Connell, The Royal Children's Hospital, VIC	
15.10	<b>Discussion</b>		15.20	<b>Severe acute phase reaction observed with initial zoledronate infusion post-denosumab administration in paediatric patients</b> Ms Christie-Lee Wall, Children’s Hospital Westmead, NSW	
<b>15.30 Afternoon tea</b>					Glade Pavilion
<b>EMERGING INVESTIGATORS</b> Chairs: Prof Craig Munns & Dr Fran Mouat					Ballroom combined
16.00	<b>GLP-1 agonist Semaglutide for the treatment of acquired hypothalamic obesity</b> Dr Rebecca Cramer, Children’s Hospital Westmead, NSW				
16.15	<b>Longitudinal changes in exocrine function in early life in children progressing to islet autoimmunity: the ENDIA Study</b> Dr Madeleine Hall, Women’s and Children’s Hospital, SA				
16.30	<b>Experiences of pseudo-hypoglycaemia and other changes in bodily awareness of glucose levels in youth transitioning to automated insulin delivery – a qualitative study</b> Dr Jessica Wong, Monash Children’s Hospital, VIC				
16.45	<b>Blood pressure determinants in teenagers and young adults with Turner Syndrome</b> Dr Ashley Alexander, Children’s Hospital Westmead, NSW				
17.00	<b>Advancing the genetic understanding of Differences of Sex Development through Whole Genome Sequencing</b> Dr Gabby Atlas, Murdoch Children’s Research Institute, VIC				
<b>PFIZER SPONSORED SYMPOSIUM</b> Chair: Prof Patricia Crock-Lüdecke					Ballroom combined
17.15	<b>Recent developments in Paediatric Growth Hormone Deficiency treatment: the role of Long-Acting Growth Hormone, with updated long-term follow-up data</b> Presenter: Emeritus Professor Cheri Deal, PhD, MD, FRCP, ELNA Paediatrics, Montréal, Canada Panellists: Prof Patricia Crock-Lüdecke, MBBS, FRACP, DMed. Senior Staff Specialist, John Hunter Children’s Hospital, NSW & Ms Kat Prior, Paediatric Endocrine Clinical Nurse Consultant, John Hunter Children’s Hospital, NSW				
18.30	<b>WELCOME RECEPTION</b> <i>Even though the welcome reception is on ‘Main Beach’ it’s not all sand, so it is encouraged to wear shoes.</i>			Main Beach, Sheraton Grand Mirage	

07.00	Registration desk open	Glade Pavilion
-------	------------------------	----------------

## NOVO NORDISK SPONSORED SYMPOSIUM

Ballroom 1/2

07.45	<b>Body composition changes associated with newer pharmacotherapies for weight loss and Type 2 Diabetes</b> Dr Jacqueline Curran, Perth Children's Hospital, WA
-------	--

## CONCURRENT SESSIONS

### LIVED EXPERIENCE IN DIABETES

Chair: Ms Eliza Bartlett

Ballroom 3

### FUTURE PERSPECTIVES

Chair: Dr Lara Graves

Ballroom 1/2

09.00	<b>Preventing technology burnout and managing access to screen time</b>
-------	---

Ms Anne Sinclair, John Hunter Children's Hospital, NSW

09.00

### Future Perspectives and Newer Agents for Management of Youth with Classical CAH

Dr Kenichi Kashimada, National Center for Child Health and Development, Japan

09.30	<b>Fear of Hypoglycaemia/ hyperglycaemia</b>
-------	--

Ms Jessica Hardley, Starship Children's Health, NZ

## 10.00 Morning tea

Glade Pavilion

## CONCURRENT SESSIONS

### PURSUEING TIGHTER TREATMENT TARGETS FOR TYPE 1 DIABETES

Chair: Dr John Welch

Ballroom 3

### CALCIUM AND BONE SESSION

Chair: Dr Diane Jensen

Ballroom 1/2

10.30	<b>Treatment regimens and glycaemic outcomes – lessons from large national and international paediatric registries</b>
-------	--

Dr Stephanie Johnson, Children's Hospital Westmead, NSW

10.30

### Hypoparathyroidism and PTH replacement

A/Prof Aris Siafarikas, Perth Children's Hospital, WA

11.00	<b>Toward tighter glycaemic targets in T1D</b>
-------	--

A/Prof Martin De Bock, University Of Otago, NZ

11.00

### Cellular interactions responsible for development, maintenance and strength of the skeleton

Prof Natalie Sims, St Vincent's Institute, VIC

11.30	<b>Prescribing AID with universal funding – considerations for optimal AID outcomes and health equity in NZ</b>
-------	---

Prof Ben Wheeler, University Of Otago, NZ

11.30

### Paediatric sarcopenia and osteopaenia in children with chronic disease

Prof Craig Munns, University of Queensland, QLD

## 12.00 Lunch

Glade Pavilion

### OPEN DIETITIANS SESSION (IN PERSON AND ONLINE) NUTRITION TOPICS IN THE MANAGEMENT OF T2D IN YOUNG PEOPLE

Dr Shelley Rose, Te Whatu Ora Midcentral, NZ

Chair: Dr Carmel Smart

In person: Open to anyone at the conference to attend (member or non-member).

Online: Available free to ANZSPED members and \$50 for non-member dietitian.

**Registration is now open. Please see the 'Open Dietitians Session' tab under program.**

## 13.00 CONCURRENT SESSIONS (more information on the next page)

## CONCURRENT SESSIONS

### PRACTICAL PUBERTY SESSION

Chair: Dr Myra Poon

Ballroom 3

### DIABETES FREE PAPERS

Chair: Dr Jacqueline Hewitt

Ballroom 1/2

13.00	<b>Understanding the Foundations: Normal and Early Pubertal Development</b> Dr Clinton Roddick, Queensland Children's Hospital, QLD	13.00	<b>Total Pancreatectomy with Islet cell Autotransplantation: a single centre experience</b> Dr Ashley Alexander, Children's Hospital Westmead, NSW
		13.10	<b>Ethnic profiling and clinical outcomes in culturally and linguistically diverse youth with type 1 diabetes in Western Australia</b> Dr Sabrina Binkowski, The Kids Research Institute Australia, WA
		13.20	<b>Impact of Global Inequities in Diabetes Technology and Insulin Access on Glycemic Outcomes: Data from 81 SWEET Centers</b> A/Prof Martin De Bock, University Of Otago, NZ
13.30	<b>Abnormal Puberty: A practical Approach</b> Dr Glynis Price, Perth Children's Hospital, WA	13.30	<b>Reduction in prevalence of Impaired Awareness of Hypoglycaemia and Severe Hypoglycaemia in adolescents with type 1 diabetes in Western Australia over 2 decades</b> Dr Eadaoin Hayes, Perth Children's Hospital, WA
		13.40	<b>Australasian Periprocedural guideline for Children and Adolescents with Diabetes Mellitus</b> Dr Niamh Jennings, University Of Otago, NZ
		13.50	<b>Abnormal Thyroid Function Tests During the Acute Diagnosis of Type 1 Diabetes</b> Dr Nikolina Kyprianou, Birmingham Children's Hospital, WA
14.00	<b>Beyond the Prescription: Practical Applications and Family-Centred Care</b> Ms Bernadette Conaghan, Sydney Children's Hospital Network, NSW	14.00	<b>Early, equitable access to automated insulin delivery in Newly Diagnosed Type 1 Diabetes: designing and establishing a new model of care at Perth Children's Hospital</b> Dr Kate Lomax, Perth Children's Hospital, WA
		14.10	<b>Impact of Simplera Sync™ Sensors and Extended™ Wear Infusion Sets on Glycaemia and System Performance of the MiniMed™ 780G System in Children and Young Adults with Previously High HbA1c</b> Mrs Venus Michaels, University Of Otago, NZ
		14.20	<b>For a high carbohydrate meal, auto mode results in higher glucose levels, early and for a high fat and protein meal, lower glucose levels, late in young people with type 1 diabetes using hybrid closed loop therapy</b> Dr Carmel Smart, John Hunter Children's Hospital, NSW

14.30 Afternoon tea

Glade Pavilion

15.00	<b>SPEED POSTER TALKS</b> Chair: Dr Jenny Harrington	Ballroom combined
15.00	<b>Efficacy of remnant cholesterol and other lipid metabolism biomarkers for predicting insulin resistance in patients with type 2 diabetes: A comparative study</b> Dr Xing Cheng, Chinese Medicine Hospital Of Dianjiang County, China	
15.05	<b>The KiwiDiab first national paediatric diabetes benchmarking audit: A report on Children and Adolescents with diabetes in Aotearoa New Zealand 2023</b> A/Prof Martin De Bock, University Of Otago, NZ	
15.10	<b>Parents and children choose their own glucose thresholds for hypoglycaemia treatment despite standardised advice from their clinical team</b> Mr Peter Delaney, The Kids Research Institute Australia, WA	
15.15	<b>Choice of type and quantity of carbohydrate to treat hypoglycaemia by families of children and adolescents with type 1 diabetes</b> Mr Peter Delaney, The Kids Research Institute Australia, WA	
15.20	<b>Driving Change: A Diabetes Educator team's journey to 95% AID uptake in a Paediatric Diabetes clinic</b> Ms Emma Matthews, Canberra Health Services, ACT	
15.25	<b>Impact of Automated Insulin Delivery on Subjective and Objective Sleep in Children and Young Adults with Very High HbA1c: Sleep Outcomes from the CO-PILOT Randomised Controlled Trial</b> Mrs Venus Matthews, University Of Otago, NZ	
15.30	<b>Provision of Diabetes Education Resources for Young People Living with Type 2 Diabetes in Aotearoa New Zealand</b> Dr Shelley Rose, Te Whatu Ora Midcentral, NZ	
15.35	<b>Diluted insulin in hybrid closed-loop pump therapy for patients aged 5 years and under: a single-centre experience</b> Dr Calvin Skews, Queensland Children's Hospital, QLD	
15.40	<b>Extended Use of Automated Insulin Delivery in Youth with Type 1 Diabetes and Elevated HbA1c: CO-PILOT 52-Week Outcomes</b> Prof Ben Wheeler, University Of Otago, NZ	
15.45	<b>Wolfram Syndrome and Diabetes Mellitus in Aotearoa-New Zealand (NZ): phenotype and response to GLP-1 Receptor Agonist Therapy</b> Prof Esko Wiltshire, University Of Otago, NZ	
15.50	<b>The Spectrum Of Congenital Hypogonadotropic Hypogonadism Over 30 Years At A Tertiary Paediatric Centre</b> Ms Minha Kook, Western Sydney University, NSW	
15.55	<b>Introduction of 18F-DOPA PET Scan Practice Guideline for Investigation of Congenital Hyperinsulinism at Sydney Children's Hospital Network</b> Dr Frances Yuen, Sydney Children's Hospital Network, NSW	
16.00	<b>POSTER VIEWING SESSION</b> <i>The full list of poster presentations is available from page 8 onwards, and on the app</i>	Glade Pavilion
<b>MEDTRONIC SPONSORED SYMPOSIUM</b>		Ballroom combined
17.15	<b>Minimed 780G in Action - Simplified meal bolus with meal detection, tighter control and what's next</b> <ul style="list-style-type: none"> <li>▶ Simplified Meal Boluses &amp; Meal Detection, High Risk Youth YADS, New 780G indications, Tighter control and recommended settings <i>Prof Ben Wheeler, University Of Otago, NZ</i></li> <li>▶ When to start AID (newly diagnosed) and Informed educated choice <i>Dr Jennifer McVean, G&amp;A Medical Affairs (video)</i></li> <li>▶ Where to next / Future pipeline of products <i>Ms Katie Elofson, Medtronic Diabetes, QLD</i></li> </ul>	
18.45	<b>Free Evening</b>	

07.30	Registration desk open	Glade Pavilion
08.00	Light Breakfast & AGM (ANZSPED members only)	
09.15	<b>Updated Guidelines for Type 2 Diabetes in Youth- Evidence for Recently Approved Pharmacotherapies and Applying to Clinical Care</b> A/Prof Brandy Wicklow, University of Manitoba and Children’s Hospital Research Institute of Manitoba, Canada	
09.45	<b>Working together: improving outcomes in youth-onset T2D</b> Chair: A/Prof Jason Yates ▶ A/Prof Brandy Wicklow, University of Manitoba and Children’s Hospital Research Institute of Manitoba, Canada ▶ Dr Jason King, Gurriny Yealamucka Health Service, QLD ▶ Mr Mark Shah, Perth Children’s Hospital, WA ▶ Prof Jane Speight, The Australian Centre for Behavioural Research in Diabetes, VIC ▶ Dr Shelley Rose, Te Whatu Ora Midcentral, NZ	
10.45	Morning tea	
TURNER SYNDROME GUIDELINES Chair: Dr Jacqueline Hewitt		Ballroom combined
11.15	<b>Optimising Growth Outcomes in Turner Syndrome</b> Dr Sarah McMahon, Queensland Children’s Hospital, QLD	
11.45	<b>Non-Growth Aspects of the new International Turner Syndrome Guideline</b> Dr Charmian Quigley, Canberra Hospital, ACT	
12.30	Lunch	
12.45	<b>RACP curriculum implementation plans Meeting (for RACP supervisors)</b> <i>Virtual Meeting</i>	Ballroom combined
NEWBORN SCREENING Chair: Dr Tony Huynh		Ballroom combined
13.30	<b>35 years of Newborn Screening for CAH in Japan – lessons and outcomes</b> Dr Kenichi Kashimada, National Center for Child Health and Development, Japan	
BROADENING APPLICATIONS FOR CGM Chair: A/Prof Martin De Bock		Ballroom combined
14.10	<b>Early stage Type 1 Diabetes</b> Dr Aveni Haynes, Perth Children’s Hospital, WA	
14.35	<b>CGM in Youth with Type 2 Diabetes</b> A/Prof Alexia Peña, The University of Adelaide & Women's And Children's Hospital, SA	
THYROID NODULES AND CANCER Chair: Dr Joel Vanderniet		Ballroom combined
15.00	<b>An approach to paediatric thyroid nodules and carcinoma: from diagnostic imaging to targeted therapies</b> A/Prof Paul Benitez-Aguirre, Endocrinologist, Children’s Hospital Westmead, NSW Dr David Chung, Nuclear Medicine Physician, Children’s Hospital Westmead, NSW	
16.00	Afternoon tea	
16.00 - 17.30 <b>Diabetes Technology Essentials Workshop</b> <i>Glade Pavilion</i> <i>Tickets purchased during registration process.</i>		16.00 onwards <b>Afternoon Networking</b> <i>Ballroom Foyer</i>
18.30	<b>CONFERENCE DINNER</b> Buses depart Sheraton Grand at 18.30 for a 18.45 arrival. <i>Note, access to Flames of the Forest is by bus or drop off (Uber/Taxi) only - there is no on site parking.</i>	Flames of the Forrest

08.00	Registration desk open	Glade Pavilion
<b>NORMAN WETTENHALL SYMPOSIUM</b> Chair: Prof Patricia Crock-Lüdecke		Ballroom combined
09.00	<b>The mini-puberty of infancy and future fertility</b> Prof Bronwyn Stuckey, Keogh Institute for Medical Research & Sir Charles Gairdner Hospital, WA	
9.30	<b>Hypogonadism in adolescents and young adults</b> Prof Margaret Zacharin, The Royal Children's Hospital, VIC	
10.00	Morning tea	Glade Pavilion
10.30	Kahoot Quiz	
<b>TYPE 1 DIABETES NATIONAL SCREENING PILOT</b> Chair: Dr Aveni Haynes		Ballroom combined
10.45	<b>Type 1 Diabetes National Screening Pilot</b> Dr Kirstine Bell, The University of Sydney, NSW	
11.15	<b>Psychological and Behavioural perspectives on diabetes screening- evidence from the T1D National Screening Pilot</b> Prof Jane Speight, The Australian Centre for Behavioural Research in Diabetes, VIC	
12.15	Conference Close	
12.30	<b>Bus transfer to Cairns Airport departing Sheraton Grand Mirage</b> <i>Tickets can be booked during the registration process or by emailing <a href="mailto:asm@anzsped.org">asm@anzsped.org</a>. Spaces are limited.</i>	Sheraton Grand Main Entrance

# POSTER LISTING

*The below is in posterboard number order. Posterboards can be found in the Glade Pavilion.*

P01	Supporting Families with Early Stage Type 1 Diabetes : Implementation of a Co-Designed clinical pathway in Western Australia (WA) <i>Dr Sarah Black, Perth Children's Hospital, WA</i>
P02	Missed cases of preterm congenital hypothyroidism on New Zealand Newborn Metabolic Screening prompts protocol shift <i>Dr Ashleigh Brown, Starship Child Health, NZ</i>
P03	Wolfram Syndrome and Diabetes Mellitus in Aotearoa-New Zealand (NZ): phenotype and response to GLP-1 Receptor Agonist Therapy <i>Prof Esko Wiltshire, University Of Otago, NZ</i>
P04	Unveiling the complexity of infant hypopituitarism: A case report <i>Dr Priya Chhibba, The Royal Children's Hospital, VIC</i>
P05	Enhancing Care through local specialised Paediatric Diabetes Service <i>Dr Lit Kim Chin, Western Health, VIC</i>
P06	Insulin oedema and the impact of early introduction of an AHCL: A Case Report <i>Ms Justine Cunningham, Sydney Children's Hospital, NSW</i>
P07	Bilateral gonadoblastoma in a phenotypically female adolescent with 46,XY DSD without a molecular diagnosis: a case report <i>A/Prof Martin de Bock, University Of Otago, NZ</i>
P08	The KiwiDiab first national paediatric diabetes benchmarking audit: A report on Children and Adolescents with diabetes in Aotearoa New Zealand 2023 <i>A/Prof Martin de Bock, University Of Otago, NZ</i>
P09	Clinical and emotional benefits of CGM in adolescents with type 2 diabetes on any treatment regimen: A longitudinal study of adolescents and their caregivers <i>Dr Maheesha Fernando, Women's And Children's Hospital, SA</i>
P10	Revisiting hypoglycaemia detection and symptoms in children with Type 1 diabetes on contemporary therapy in Western Australia. <i>Mr Peter Delaney, The Kids Research Institute Australia, WA</i>
P11	Parents and children choose their own glucose thresholds for hypoglycaemia treatment despite standardised advice from their clinical team. <i>Mr Peter Delaney, The Kids Research Institute Australia, WA</i>
P12	Choice of type and quantity of carbohydrate to treat hypoglycaemia by families of children and adolescents with type 1 diabetes. <i>Mr Peter Delaney, The Kids Research Institute Australia, WA</i>
P13	Frequent remote review of sensor glucose along with targeted intervention vs standard care in children with Type 1 Diabetes: A pilot, parallel-groups study <i>Dr Fran Gehrmann, Perth Children's Hospital, WA</i>
P14	PTHrP-Mediated Hypercalcemia in an Infant with Infantile Fibrosarcoma: A Rare Case of Humoral Hypercalcemia of Malignancy <i>Dr Jason Haines, Queensland Health, QLD</i>
P15	Temporary remission of Stage 3 Type 1 Diabetes in a child treated with Infliximab for Inflammatory Bowel Disease <i>Dr Eadaoin Hayes, Perth Children's Hospital, WA</i>
P16	The Use of Novel Diabetes Treatment in Paediatric Mitochondrial Diabetes: A Case Report <i>Dr Eadaoin Hayes, Perth Children's Hospital, WA</i>
P17	Optimizing Postoperative Glycaemic Control Using Automated Insulin Delivery Following Total Pancreatectomy with Islet Autotransplantation in Children with Hereditary Pancreatitis <i>Dr Erin Jose, Women's And Children's Hospital, SA</i>
P18	Searching for the needle in the haystack: Aromatase excess, a rare presentation of peripheral precocity. <i>Dr Erin Jose, Women's And Children's Hospital, SA</i>
P19	The Variation in Sex Characteristics (Restricted Medical Treatment) Act 2023 – an update on clinician experiences at Canberra Health Services <i>Dr Natasha Juchkov, Canberra Hospital, ACT</i>
P20	A systematic review of JAK/STAT polymorphisms associated with autoimmune disease and their presence in the BANDIT cohort <i>Dr Sarah Hosking, Canberra Hospital, ACT</i>
P21	Adrenal suppression secondary to intranasal corticosteroid use in a child – a case report and literature review <i>Dr Shreya Kishore, Queensland Children's Hospital, QLD</i>
P22	The Spectrum Of Congenital Hypogonadotropic Hypogonadism Over 30 Years At A Tertiary Paediatric Centre <i>Ms Minha Kook, Western Sydney University, NSW</i>
P23	Peripheral Precocious Puberty due to Inadvertent Exogenous Oestrogen Gel Exposure <i>Dr Jack Lego, The Royal Children's Hospital, VIC</i>
P24	A Longitudinal Review of Paediatric Type 1 Diabetes Mellitus Patients in Metropolitan and Regional Victoria <i>Dr Jack Lego, The Royal Children's Hospital, VIC</i>
P25	Prioritising skin health for successful diabetes device use from day one of diagnosis <i>Ms Emma Matthews, Canberra Health Services, ACT</i>
P26	Early learnings from PumpED-KIDS- commencing AID at diagnosis of T1DM <i>Ms Emma Matthews, Canberra Health Services, ACT</i>
P27	Driving Change: A Diabetes Educator team's journey to 95% AID uptake in a Paediatric Diabetes clinic <i>Ms Emma Matthews, Canberra Health Services, ACT</i>
P28	DiabHQ: A Scalable, Data-Driven Digital Ecosystem for Paediatric Diabetes Care and Research <i>Mrs Jane Makin, The Kids Institute Australia, WA</i>

# POSTER LISTING

The below is in posterboard number order. Posterboards can be found in the Glade Pavilion.

P29	Experiences with SimplerA Sync™ Sensors and Extended Wear Infusion Sets in Adolescents and Young Adults using MiniMed™ 780G: A Qualitative Study <i>Mrs Venus Michaels, University of Otago, NZ</i>
P30	Impact of Automated Insulin Delivery on Subjective and Objective Sleep in Children and Young Adults with Very High HbA1c: Sleep Outcomes from the CO-PILOT Randomised Controlled Trial <i>Mrs Venus Michaels, University of Otago, NZ</i>
P31	Type 1 Diabetes National Screening Pilot: Monitoring Study – Case study of continuous glucose monitoring in early stage type 1 diabetes detected from the general population <i>Dr Kruthika Narayan, Children’s Hospital at Westmead, NSW</i>
P32	Clinical phenotype of paediatric monogenic diabetes across Western Australia <i>Dr Ann Nilsen, Perth Children’s Hospital, WA</i>
P33	A Case for Inpatient Initiation: Hybrid Closed-Loop Insulin Therapy in High Risk Adolescents with Type 1 Diabetes <i>Dr Heather O’Sullivan, Pacific Health Care Network, VIC</i>
P34	Diabetes Nurse Education and Support for Successful CGM Adoption in Adolescents with Type 2 Diabetes: Insights from a Longitudinal Study <i>A/Prof Alexia Peña, The University of Adelaide &amp; Women’s And Children’s Hospital, SA</i>
P35	Provision of Diabetes Education Resources for Young People Living with Type 2 Diabetes in Aotearoa New Zealand <i>Dr Shelley Rose, Te Whatu Ora Midcentral, NZ</i>
P36	Ultra rapid-acting inhaled insulin for post-prandial hyperglycaemia in a 12 yr-old child with Type 1 Diabetes Mellitus <i>Dr Kerri Rosettenstein, The Children’s Clinic, NSW</i>
P37	A Case of Post-Traumatic Pituitary Stalk Transection in a Three-Month-Old <i>Dr Clinton Roddick, Queensland Children’s Hospital, QLD</i>
P38	Rare presentation of pituitary apoplexy secondary to an ACTH secreting macroadenoma in an adolescent girl <i>Dr Clinton Roddick, Queensland Children’s Hospital, QLD</i>
P39	A Functional Adrenal Tumour presenting with Precocious Puberty and Hypertension In A Nonsyndromic Child <i>Dr Clinton Roddick, Queensland Children’s Hospital, QLD</i>
P40	Presentation of autoimmune hypothyroidism with thyroid Burkitt lymphoma <i>Dr Clinton Roddick, Queensland Children’s Hospital, QLD</i>
P41	Physical Activity in Very Young Children living with Type 1 Diabetes <i>Dr Rowen Seckold, Queensland Children’s Hospital, QLD</i>
P42	Diluted insulin in hybrid closed-loop pump therapy for patients aged 5 years and under: a single-centre experience <i>Dr Calvin Skews, Queensland Children’s Hospital, QLD</i>
P43	Improved interaction with Paediatric Diabetes Dietitian <i>Ms Katie Steuerwald, Nepean Diabetes Service, NSW</i>
P44	Neonatal Severe Hyperparathyroidism (NSHPT) caused by a heterozygous loss of function Calcium Sensing Receptor (CaSR) variant responsive to Cinacalcet: antenatal diagnosis and postnatal course <i>Dr Stephanie French, Sydney Children’s Hospital Network, NSW</i>
P45	“I guess if you are familiar with the CGM then it’s sort of just the insulin that is the newer part” Understanding parents views of using CGM in their child with stage 1 or 2 Diabetes <i>Ms Alexandra Tully, The Kids Research Institute Australia, WA</i>
P46	Extended Use of Automated Insulin Delivery in Youth with Type 1 Diabetes and Elevated HbA1c: CO-PILOT 52-Week Outcomes <i>Prof Ben Wheeler, University Of Otago, NZ</i>
P47	Temple Syndrome: A Mimicker of Other Genetic Syndromes <i>Dr Adam Wilkinson, Royal North Shore Hospital, NSW</i>
P48	Transient Perinatal Clitoral Hypertrophy Following Use of Progesterone Pessaries in Early Pregnancy <i>Dr Adam Wilkinson, Royal North Shore Hospital, NSW</i>
P49	Efficacy of remnant cholesterol and other lipid metabolism biomarkers for predicting insulin resistance in patients with type 2 diabetes: A comparative study <i>Dr Xing Cheng, Chinese Medicine Hospital Of Dianjiang County, China</i>
P50	Introduction of 18F-DOPA PET Scan Practice Guideline for Investigation of Congenital Hyperinsulinism at Sydney Children’s Hospital Network <i>Dr Frances Yuen, Sydney Children’s Hospital Network, NSW</i>
P51	Managing Movement: Insights into Exercise, Nutrition, and AHCL Use in Young Athletes with Type 1 Diabetes <i>Ms Natalie Briggs, NSW Health, NSW</i>
P52	The Analysis of Early Supplementation of Vitamin AD on Multisystem Organ Development and Immune Function in Premature Infants <i>Ms Yuling Zhao, Wansheng People’s Hospital,</i>
P53	Real-World Glycaemic Outcomes with the Omnipod® 5 Automated Insulin Delivery (AID) System in Children and Adolescents with Type 1 Diabetes Transitioning from Multiple Daily Injections <i>Dr Lindsey Conroy, Insulet Corporation, USA</i>
P54	Associations between non-HP51: DL/HDL ratio with diabetic foot ulcer healing in patients with type 2 diabetes <i>Shuyao Zeng, Traditional Chinese Medicine Hospital, China</i>
P55	Impact and feasibility of short-term use of Intermittently Scanned Continuous Glucose Monitoring System in paediatric patients with type 1 diabetes – a real world study <i>Dr Lakshmi Priya Thandiyekkal Rajan, Sanjay Gandhi Postgraduate Institute Of Medical Sciences, India</i>
