The Relias Platform

Our **learning and performance platform**, built specifically for busy healthcare professionals, provides a unified, seamless experience for both administrators and learners. Simplify staff onboarding, easily track and report on training completions, and much more.

Mobile app

Deliver and access courses anytime, anywhere.

Crosswalks

Map Relias' content to state and federal training requirements and accreditation standards.

Live events

Track and report on classroom and other remote training.

Requirements tracker

Easily and efficiently track non-training requirements, such as drivers' license details.

Brainsparks

Improve knowledge retention with follow-up exam questions delivered at defined intervals.

License and certification tracking

Learners can enter their professional license or certification details, track progress toward CEU requirements, and be reminded of licensure renewal.

Employee Wellness course library

Position staff to apply self-care in order to provide better services to clients.

Simulations in Health Services

Innovative content designed to simulate real-world situations, allowing staff to apply critical thinking, knowledge, and skills.

Board Member Library

Free library of courses to help onboard and train new board members.

Competency Evaluations

A digital, mobile-optimized solution to evaluate your staff's skills and abilities at the point of care.

Skills Checklists

Quick and easy tool to digitally build and deploy checklists that measure specific staff skill sets.

Assessments

Gauge incoming knowledge of new hires so you can provide targeted training to address skill gaps.

Course Creator

Build your own content faster, using e-learning best practices in your content development process.

Virtual Classroom

Hold live online training for your distributed workforce. Includes presentation sharing, digital whiteboard, virtual breakout rooms, and more.

Consulting services

Let our in-house team of clinical and organizational experts provide you a targeted road map toward becoming a best-in-class learning organization.

Managed services

Let Relias manage the administrative tasks of your platform so you can prioritize providing quality care.

Nurse talent acquisition solutions

Our Nurse.com job board gives you access to the largest and most relevant pool of nursing talent in the market, with the only skills-based talent marketplace.

Wound Care Education

Staff trained in wound care can more accurately assess, stage, and treat pressure injuries, improving resident safety and satisfaction, and reducing risk of hospitalizations and lawsuits.

Home Care Services

Content to prepare nonclinical caregivers for the full scope of their roles, providing quality in-home personal care. Topics include assisting with activities of daily living, providing medication assistance, and safe eating and drinking.

Home Health Services

Courses for home health aides, registered nurses, and care coordinators to create a comprehensive foundation for delivering care in the home. Topics include disease and condition management, assisting with medical equipment, and dementia care.

Rehabilitation Therapy Services

Courses that prepare rehabilitation therapists to succeed in a variety of clinical, community, and home settings. Includes courses for physical therapists, occupational therapists, and speech-language pathologists.

Relias Obstetrics (OB)

Improve clinical knowledge and judgment through personalized learning paths that accelerate care quality, drive high reliability, and improve patient outcomes.
