Regulation Management

### POLICY PRO

Create, manage, assign, and store your policies and procedures in a single location.

### RISK MANAGEMENT

Identify and reduce risks with actionable, data-informed dashboards and insights.

### REGULATION MANAGEMENT

Automate regulatory awareness by tagging pertinent policies and alerting administrators.

"To have a digital process for managing policies and procedures and a way to report that we have those acknowledgements on file is a game changer that we have never seen before."
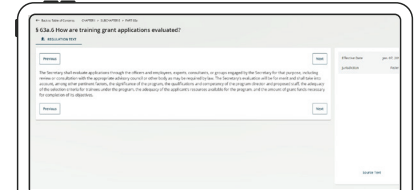

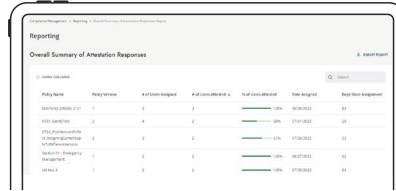

Kathy Barratt, PHR | Regional HR Director
**Fundamental Administrative Services**

"[It's] a huge time-saver. From a liability standpoint, we have a lot more coverage just because we're able to have documentation front and center now."

Jeri Hamilton, HR Director
**Baptist Community Services**
