ATI Sponsored Lunch & Learn Session: Clinical Judgment Teaching and Learning

A Call to Action: Educating the Faculty for Improved Outcomes with ATI Solutions

Clinical Judgment is essential for all nursing students to grasp during their program of study and as a new practice-ready nurse of the future. This session will define clinical judgment and share the “why” behind the emphasis with teaching and learning in class, clinical and simulation. Additionally, ATI will showcase their incredible solutions to help with opportunities to integrate active learning strategies to help students apply clinical judgment.

Faculty: Janet McMahon, DNP, MSN, RN, ANEF
