

Reduce Costs & Time for Your Home with COMPLETE Menus and eCPS MenuBuilder

Want to save on time and costs while improving safety and the resident dining experience? Exceed your goals with the COMPLETE Dining Program and eCPS MenuBuilder. This robust offering has been developed by a team of dietitians and chefs, continues to evolve based on user feedback, and is available for FREE as a standard part of your CPS membership.

COMPLETE Dining Program and eCPS MenuBuilder Benefits:

- **Save Costs & Personalize Your Menu Through a Web-Based Software:** eCPS MenuBuilder is a license-free and cost-effective menu management solution that enables CPS members to easily tailor any COMPLETE Menu to meet the unique needs of their home.
- **Save Time Planning a Nutritious (and Delicious!) Menu Residents Will Love:** Designed to meet the nutritional needs and taste preferences of seniors, Canada's Food Guide and the latest science, budgetary requirements, and regulations, eCPS MenuBuilder makes menu planning simple and easy when using any of the COMPLETE Menus.
- **Enhance Resident Safety with COMPLETE Texture Modified Recipes:** Our chef created and dietitian approved texture modified recipes have been tested and created to meet the standards of the IDDSI framework in addition to all afore mentioned COMPLETE Menu criteria. *Need help implementing IDDSI?* Take advantage of our implementation guide and planner, webcasts, and bite-sized articles on eCPS.ca.
- **Minimize Work Through COMPLETE Menu Support Tools:** From planning to execution, *we've got you covered!* Take advantage of our easy-to-use support tools including: menus, therapeutic extensions, shopping lists, scaleable and customizable recipes, dietitian letter, menu facts, scoop charts, production sheets, costing, and nutritional calculations. *Want to create weekly order templates?* We can help with that too!
- **Elevate the Resident Dining Experience:** With over 4,500 recipes to choose from (and growing!), the COMPLETE Recipe database includes chef-tested recipes that have been created with considerations such as taste, nutrition, ease-of-preparation, common ingredients, and plate presentation.
- **Deliver a Consistent Meal Service:** eCPS MenuBuilder allows users to personalize COMPLETE Recipes or add in their own. This helps foodservice operators ensure consistent dining experience, no matter who is cooking.
- **Take Advantage of COMPLETE Support:** Let us help you every step of the way! Whether you are looking to use all or part of the COMPLETE Dining Program, our bilingual CPS Menu Services Team is available to assist you with questions, training, support and feedback.

Did You Know:

Most users of licensed menu programs only use a portion of the system's capabilities meaning they are paying for features they don't use.
