

REFRESHER and SEMINAR

August 19, 2026 | St. Paul

Leading Individuals - Leading Groups - Leading Organizations!

This one-day seminar for both graduates and future students of Leadership in Police Organizations (LPO) will provide an update on the program and offer refreshers on some of the key subjects presented during the course. Take this opportunity to reconnect with classmates and facilitators, network with other past participants, and share leadership successes and challenges. Prospective students will get an up-close look at the program and sample presentations of the type of instruction LPO offers. Refresher topics to be discussed include:

- **Individual differences: Understanding Gen Z**
- **Motivation through job design and intrinsic motivation**
- **Emotional Intelligence**
- **Servant leadership—Social Exchange Theory**
- **The leader's role in shaping an ethical environment**

Open discussion among your colleagues will end the day. What have been your successes and challenges as you've applied what you learned in LPO? How has your experience with LPO opened up other opportunities for you individually or within your organization? How can LPO be improved?

Come spend the day with us!

FACILITATORS:

Capt. Eric Roeske, MN State Patrol

Joe Kelly, Retired, Director of Homeland Security and Emergency Management

AUDIENCE:

Graduates of previous LPO courses, prospective students, emerging leaders and agency heads are all welcome to attend.

POST CREDITS: 5
REGISTRATION: \$25
