

Victim Services SUMMIT

Victim Services – a community dedicated to raising the standard of care, because every response matters.

This dynamic summit utilizes guided discussions and cross-sector collaborations to strengthen your knowledge and capacity of working within system-based victim services. Whether you're new to victim services or a seasoned professional, you will gain a broader knowledge of statewide and local resources, and a deeper understanding of confidently responding to victim survivors and witnesses with a trauma-informed, victim-centered approach.

Keynote Speaker – Amy Durrall: *Critical Needs of Victims and Co-Victims*

A powerful and widely applicable session addressing the most pressing challenges facing victims today.
