

MOLECULAR MYTHBUSTERS

Come explore and debunk some of the myths surrounding
molecular diagnostic tests!

Molecular tests explored:

PCR and qPCR, ranging far and wide from
nucleic acid extraction techniques, assay
design and optimization to best ways to run
and score assays.

SESSION:

Date: August 4, 2022

Instructors: Dr. John Wood &

Dr. Maria Forzan

Panel Discussion and Q & A

*University of Tennessee Conference Center
Knoxville, TN, USA*
