

SOUTH AFRICA SMART TRANSMISSION WORKSHOP

JUNE 18-19, 2024 | JOHANNESBURG, SOUTH AFRICA

Shaakira Karolia

*Advisor to the Ministry of Electricity
Ministry of Electricity*

Shaakira Karolia currently serves as Lead Economist in the Ministry in the Presidency for Electricity in South Africa. Amongst other initiatives, she leads the Ministry's work on the conceptualization and implementation of innovative transmission finance mechanisms, which is a key enabler of the country's energy security.

As an experienced impact-driven development, policy and finance expert, Shaakira holds vast government, academic and private sector experience. She holds a Master in Econometrics, from the University of Pretoria, cum laude, and an MBA from the University of Oxford with distinction.
