

## Civil Nuclear Energy Workshop: Partnering for Implementation

OCTOBER 8-9, 2024 | KNOXVILLE, TN

### **Jonas Kimontas**

*Head of Project Management Department  
SE Ignalina Nuclear Power Plant*

Jonas Kimontas is a forward-thinking senior executive with over 15 years of experience in the energy and infrastructure sectors. He has a proven track record in strategy development and execution, business management, project and risk management, and project finance and structuring. Jonas has successfully led significant projects and investment programs, including a €1 billion investment in transport, energy, and social infrastructure across Lithuania, Latvia, and Croatia. His expertise extends to both public and private sectors, where he has advised on and facilitated investment funds and PPP development.

Jonas holds an MBA, PMP certification, and a Bachelor's degree in Applied Mathematics, along with various financial analysis certificates.

Throughout his career, Jonas has held several key positions, including Head of Project Management at Ignalinos Atominė Elektrinė, Head of Infrastructure at Vilniaus Šilumos Tinklai, and Chief Operating Officer at Profitus. He has demonstrated exceptional leadership in managing large teams, strategic project structuring, and stakeholder management. His roles have involved overseeing operations, digitizing project management processes, and implementing strategic energy projects. Jonas is also skilled in business development, contract negotiation, and investment management, making him a versatile and highly effective leader in his field.
