

SOUTH AFRICA SMART TRANSMISSION WORKSHOP

JUNE 18-19, 2024 | JOHANNESBURG, SOUTH AFRICA

Jimmy Zapata

Business Development Manager

Kaddas Enterprises

Jimmy Zapata is a sales professional with over 30 years of experience in the Utility Industry. He started as a lineman and continued his journey as a Distribution Line Design Technician for Florida Power and Light. Since then, he has been a Hot Line Tool Demonstrator, Sales Engineer, Product Manager, and Sales Director in the Domestic and International Utility arena, covering Substation, Distribution, and Transmission systems for companies like Hubbell and MacLean Power Systems. Jimmy is currently the Business Development Manager for Kaddas Enterprises, Inc., dedicated to improving service reliability and protecting utility assets while protecting the wildlife that interacts by accident with the electrical system. Jimmy also finds the time to volunteer as a youth soccer coach for the city of Pembroke Pines, FL.
