

SOUTH AFRICA SMART TRANSMISSION WORKSHOP

JUNE 18-19, 2024 | JOHANNESBURG, SOUTH AFRICA

Dr. Dee Fischer

Specialist: Policy Support and Strategic Programme implementation

Department of Environment, Forestry and Fisheries, South Africa

Dee Fischer holds a PhD in Energy Studies from the University of Johannesburg, and is employed as the Specialist: Policy Support and Strategic Programme implementation at the Department of Environment, Forestry and Fisheries. In this capacity, Dee heads up the technical team responsible for the alignment

of the mining and environmental legislation as well as the amendment of the environmental legislation to promote coordination and efficiency of the legislation framework. Dee also leads the DFFE programme to develop environmental instruments and lead the technical team in the development of the environmental management screening tool.
