

# SOUTH AFRICA SMART TRANSMISSION WORKSHOP

JUNE 18-19, 2024 | JOHANNESBURG, SOUTH AFRICA

## **Riaz Vajeth**

South Africa Representative  
*CTC Global Corporation*

Riaz Vajeth holds a BSc Degree in Electrical Engineering and is a registered professional engineer with ECSA. He has 32 years of experience in Transmission and Distribution and has held senior engineering and management roles in Eskom, including serving as head of Transmission Line Engineering. He has experience across the value chain, from planning, route selection, design, research & innovation, maintenance, and construction support.

He won several awards including 2013 Cigre award for his technical contributions, manager of the year award and awards for technical excellence and vision.

He left Eskom in 2022, and later founded Rhythm Power Solutions to focus on Transmission and Distribution consulting, advisory, research, innovation, and product development.

He is the South African representative for CTC Global USA, for their range of ACCC advanced conductors.
