

Civil Nuclear Energy Workshop: Partnering for Implementation

OCTOBER 8-9, 2024 | KNOXVILLE, TN

Øyvind AAS-HANSEN, PhD

Chief Sustainability Officer (CSO)

Norsk Kjernekraft AS ("Norwegian Nuclear Power Inc.")

Mr. Øyvind Aas-Hansen is Chief Sustainability Officer (CSO) of the Norwegian privately owned company Norsk Kjernekraft AS ("Norwegian Nuclear Power Inc."), which aims to establish, own and operate nuclear power plants in Norway. Prior to working with Norsk Kjernekraft, Aas-Hansen worked nine years as a senior adviser with the Norwegian Radiation and Nuclear Safety Authority (DSA), including representing Norway and DSA in international fora and events such as the Arctic Council EPPR Working Group, and was leading the Arctic Council EPPR Expert Group on radiation from 2019 until starting in Norsk Kjernekraft in August 2023. Aas-Hansen holds a PhD in Arctic Biology, after which he worked 10 years as a research scientist.

Organization Overview:

Norsk Kjernekraft AS is a privately owned Norwegian company which aims to establish, own and operate nuclear power plants in Norway.

Delegate Interests:

NPPs, SMRs, MMRs, heat systems. Focus is on light-water or other near-term SMRs

Topics / subjects the delegate wishes to be included in the Workshop and site visits :

Feasibility studies, business case for SMRs (co-generation), off-grid deployment, flexible generation (load following).
