

Civil Nuclear Energy Workshop: Partnering for Implementation

OCTOBER 8-9, 2024 | KNOXVILLE, TN

Paul Murphy

Founder and Managing Director
Murphy Energy & Infrastructure Consulting, LLC

Paul focuses on multiple aspects of the nuclear industry – from legal and policy matters, including international regulatory and treaty frameworks and issues regarding nuclear liability, to strategies for creating and financing nuclear power programs and the identification and mitigation of associated risks – representing developers/owners, investors, lenders, and contractors on nuclear projects internationally. He is recognized as an expert in the development and financing of nuclear power programs by the International Atomic Energy Agency (IAEA), the OECD's Nuclear Energy Agency (NEA), the International Framework for Nuclear Energy Cooperation (IFNEC), and the U.S. government.

Paul now also serves as the Co-Head of Public Finance & Government Relations for Cross River Infrastructure Partners, and he is an Affiliate of Nuclear Economics Consulting Group. Paul is also a Senior Advisor to KPMG's Power & Utilities group. Paul is a member of the Advisory Board for the Global America Business Institute. Paul has also served as a member of ASME's Technology Advisory Panel for Clean Energy. Paul is a seven-time appointee to the U.S. Secretary of Commerce's Civilian Nuclear Trade Advisory Committee (CINTAC), and he has served twice on the U.S. Department of Commerce's SMR Working Group. He is also a Co-Founder and Managing Director of Greensabre Consulting Ltd. Paul is a member of the International Advisory Panel for the Centre for Strategic Energy and Resources (Singapore).

Paul currently serves on the IAEA's Technical Cooperation Program team, which assists member states in developing nuclear power programs. Paul regularly teaches financing, contracting, and project development for the IAEA, Argonne National Laboratory, and Texas A&M University for their international training programs, and he serves as a guest lecturer at the U.S. National Defense University and at Virginia Tech. He has also taught specialized nuclear training programs on financing, contracting, project structuring, risk allocation, and SMRs for the U.S. Government (including the FIRST program) and the nuclear planning authorities in Ghana, Uganda, and Ethiopia. Paul organized and recently co-taught a 23-part course on behalf of the U.S. Department of Energy for African countries interested in developing nuclear power programs (the course is open to all African countries).
