Please open and read all communication

- Please read all OCVS communications. This is how OCVS shares valuable and important information.
- Please read all documents, thoroughly. The award documents are contracts made with WI DOJ OCVS and provide vital information regarding your grant. The award documents also pass-through Federal requirements.
- *It is incumbent upon the Project Director and Financial Officer of the Subgrant to understand the rules and requirements of OCVS grants in whatever manner OCVS provides that information (be it, including but not limited to, email, webinar, fact sheet, etc.)*
