

Annual Scientific Meeting, 9th June 2025

Sponsorship Options

We are asking for sponsorship for the next SINAPSE Annual Scientific Meeting to be held at the King's College, University of Aberdeen on 9th June 2025.

SINAPSE

[SINAPSE](#) is a consortium of seven Scottish universities; Aberdeen, Dundee, Edinburgh, Glasgow, St Andrews, Stirling, and Strathclyde, with partners in the NHS and industry. SINAPSE has built a Scotland wide, cross-disciplinary imaging network of scientists and clinicians whose shared goal is the development of both novel imaging methodologies and the next generation of scientists to exploit them, with the aim of addressing global Health and Wellbeing challenges. SINAPSE has created a collaborative research environment in which world-class expertise and facilities are used to put Scottish Imaging Research on the world stage.

Each year SINAPSE holds an [Annual Scientific Meeting](#) which showcases exciting new research from across the Network and beyond. Each ASM is hosted by one of the University partners. Our PhDs and ECRs have an opportunity to share their work in posters and presentations in a friendly environment alongside invited experts and leaders in Imaging from around the world.

Sponsorship

Options for sponsorship levels for the event are outlined below. It should be noted that the benefits for the sponsors outlined are suggestions and we are able to discuss what is included dependent on your specific company needs and the funding on offer.
