## Voyager Ziwani, Tsavo West

### Location

Located on a 30,000-acre private farm on the western edge of Tsavo West National Park, Voyager Ziwani sits on the edge of a small, secluded dam on the Sante River. The camp's environs are home to hundreds of basking hippos, while a short drive will deposit you among the big game of one of Kenya's wildest and least explored national parks. The journey to Voyager Ziwani involves a scenic drive along Emali-Loitokitok road, Mtito Andei through the park or along the Voi-Taveta road, or a direct (chartered) flight of 20 minutes from Mombasa or 30 minutes from Nairobi.

### Accommodation

The camp's twenty five spacious tents on the banks of Sante River offer the classic ambience of a traditional African camping safari, with large secluded verandahs overlooking the wildlife-rich shores. Each tent is comfortably furnished with double or twin beds and has a modern en suite bathroom with a flush toilet and piping hot shower.

*A close encounter  
with wildest Africa*

*Situated in the shadow of  
majestic Mount Kilimanjaro, on the  
edge of one of Kenya's least explored parks,  
Voyager Ziwani offers a uniquely personal  
and adventurous safari experience*

## Public areas

The main building overlooking the Ziwa Dam houses our bar and dining room, with a long verandah where breakfast is usually served. In the evening candlelit tables are arranged on the lawn so that guests can dine out under the night sky beside a roaring campfire.
