TAASA BUSH BABIES

CHILDREN'S ACTIVITIES

At TAASA we are all about family and welcome children of all ages. We strongly believe that a safari is one of the best ways to experience and learn about our magical world, and we are passionate about sharing our knowledge and tales with the young bush babies visiting TAASA Lodge.

Whether your child is interested in identifying wildlife, searching for tracks and dung, learning about the stars, baking or crafting, our experienced and enthusiastic team are eager to design activities to entertain and delight.

LEARN, PLAY AND CREATE AT TAASA
