

‘Grass Roots’ 7 Bursary Application Form

All fields must be completed for the application to be processed. *Note this is a fictitious example application – none of the details are real!*

Applicant details:

Title: Mr	Full name of applicant: Tony Ferguson		
Place of study or employment: King’s College London, UK.		Contact address: 150 Stamford Street King’s College London. Postcode: SE1 9NH	
Contact telephone number: 07793123456		Email address (at place of study or employment): tony.ferguson@kcl.ac.uk	
Official dates of study (MSc/DPhil/PhD/Post-doctoral applicants only)		Classification of applicant’s research programme (MSc/DPhil/PhD/Post-doctoral applicants only):	
From: 2024	To: 2028	PhD	
Title of research programme or thesis (MSc/DPhil/PhD/Post-doctoral applicants only): Development of novel approaches for the quantification of mRNA metabolites in biofluids			
Applicant’s justification for bursary funding (not more than 300 words but to include how attendance at this course is relevant to your research or career direction): I am currently in the second year of my four-year PhD course at Kings College London. This event on oligonucleotide characterisation is strongly aligned with the focus of my research and I believe I would benefit greatly from attending this event - particularly with the emphasis on oligo sequencing, platform approaches and LC method development strategies. The scope of the lectures will provide me with a greater understanding of many of the underlying principles of oligo characterisation and coupled with vendors being present, I feel this is a golden opportunity to expand my knowledge of the field. It will also be very beneficial to expand my peer network for my future career. Colleagues from KCL have informed that the Grass Roots 4 course was highly beneficial to their research and I feel it will be highly beneficial to my work too. As I also enjoy walking, that aspect of the event is also very appealing!			

Academic supervisor details (DPhil/PhD/Post-doctoral applicants only):

Title: Professor	Name of supervisor: Paul Cook		
Contact telephone number: 0776123456		Contact address (if different from above): As above	

Email address: paul.t.cook@kcl.ac.uk	Postcode:
--	------------------

Important note - The application form must be either accompanied by a letter of support from the applicant's academic supervisor (for MSc or PhD/D.Phil applications only) or sent by email to paul.ferguson@astrazeneca.com within *two weeks* of the application. Applications for bursaries will not be accepted without this documentation.

Bursary funding level applied for

Bursary type	Bursary value	Applicable to	Please tick which bursary applied for
Full (vendor sponsored)	£500	MSc or PhD students	X
Partial (ChromSoc bursary)	£250	MSc or PhD students	X
Partial (Ted Adlard bursary)	£250	Industrial chromatographers in SME's, university lecturers or post-doctoral researchers	N/A
Please note - We have only a limited number of vendor sponsored bursaries. If these are no longer available and a lower value bursary would still be welcomed by the applicant, please tick this box to indicate that supplementary funding is available from alternative sources to attend this event.			✓

✓ **I agree to the conditions regarding bursary provision as noted in the 'Grass Roots 7 bursary application form guidance notes' document (please tick if you agree).**

For Chromatographic Society internal use only

For MSc/D.Phil/PhD applicants

Letter of recommendation received? Yes/No

Date:

Application agreed? Yes/No

If 'no' – reason for rejection:

Reference number: GR7B
