

Privacy Policy

Longevity Leadership Summit 2027

AIM Group Slovakia, s.r.o. | web version

Effective from: 1.10.2026

PRIVACY POLICY

This policy explains how AIM Group Slovakia, s.r.o. processes personal data in connection with registration for, organisation of and participation in the Longevity Leadership Summit 2027. The document is intended in particular for participants, customers and contact persons.

1. Controller

The controller of personal data is AIM Group Slovakia, s.r.o., Jakubovo námestie 1, 811 09 Bratislava – Staré Mesto, Slovak Republic, Company ID (IČO): 56 497 105 (hereinafter the "Controller").

Contact for questions and for exercising rights in the area of personal data protection: registracie@aimgroup.eu.

We process personal data in accordance with Regulation (EU) 2016/679 of the European Parliament and of the Council (GDPR), Act No. 18/2018 Coll. on the Protection of Personal Data and other relevant legislation.

2. What Data We Process

2.1 Identification, Contact and Professional Data

- first name and surname,
- e-mail address and telephone number, if required or provided by the person,
- name of the company or organisation,
- job position or job role,
- approximate size of the company, if requested,
- LinkedIn profile, if voluntarily provided by the participant.

2.2 Registration, Organisational and Preference Data

- selected registration category and ordered additional services,
- areas of professional or content interest selected during registration,
- information necessary for managing attendance, a change of participant or cancellation,
- communication with the Organiser,
- data related to accommodation, if ordered via the registration form.

2.3 Billing and Payment Data

- business name or name of the customer, billing address, country,
- Company ID (IČO), Tax ID (DIČ) and VAT ID (IČ DPH), if relevant,
- billing e-mail, or a PO number, cost centre or invoice note,
- information on the status and identification of the payment.

For card payments, payment data is processed by Stripe to the extent necessary to provide the payment service. As a standard, the Controller does not store the full payment card number or the CVC code.

2.4 Dietary Requirements

In the registration form, we only ask for information necessary to ensure suitable catering, for example the selected type of diet or a specific food allergy/intolerance, if it is necessary to state it. We ask participants not to enter diagnoses, medical history or other health information in this field that is not necessary for providing catering.

If the information provided reveals a health condition and constitutes a special category of personal data, the Controller will process it only to the extent necessary and on the appropriate legal basis under Article 9 GDPR, as a rule on the basis of the explicit consent of the data subject. Providing such data is voluntary; without it, however, it may not be possible to accommodate an individual dietary requirement.

2.5 Photographs and Audiovisual Recordings

During the Event, photographs and audiovisual recordings capturing participants may be made. For detailed portraits, interviews or other uses for which consent is the appropriate legal basis, the Controller may request separate consent. For reasonable documentary and atmospheric shots of the Event, the legal basis may be the legitimate interest of the Controller, provided that, after assessing the circumstances, the rights and freedoms of the data subjects do not prevail.

3. Purposes of Processing and Legal Bases

3.1 Registration, Contractual Relationship and Organisation of the Event

Purpose: processing the registration, communication with the participant, ensuring entry and the programme, management of ordered services, changes of participant, cancellation, accommodation and other organisational administration. Legal basis: Art. 6(1)(b) GDPR, i.e. performance of a contract or taking steps prior to entering into a contract; in the case of corporate registration, the contact details of the representative may also be processed on the basis of a legitimate interest in the proper performance of the business relationship.

3.2 Invoicing, Accounting and Compliance with Legal Obligations

Purpose: issuing and retaining accounting and tax documents and complying with other legal obligations. Legal basis: Art. 6(1)(c) GDPR.

3.3 Online Payments

Purpose: receiving and processing payments, confirming transactions, handling refunds and payment incidents. Legal basis: Art. 6(1)(b) GDPR and, to the relevant extent, Art. 6(1)(c) or (f) GDPR. Payment processing is provided by Stripe; for certain operations, Stripe may act as an independent controller under its own privacy terms.

3.4 Dietary Requirements

Purpose: providing the ordered catering and taking into account the notified food restrictions. For a common dietary preference, the legal basis is the performance of a contract. If the information

constitutes health data, we process it only when the conditions of Article 9 GDPR are met, as a rule on the basis of explicit consent under Art. 9(2)(a) GDPR.

3.5 Photographs, Video and Communication about the Event

Purpose: documenting the course of the Event, reporting, informing the public and appropriate promotion of the Event and of the Controller's activities. The legal basis is determined according to the type of recording and the manner of its use, in particular legitimate interest under Art. 6(1)(f) GDPR or consent under Art. 6(1)(a) GDPR. In the case of processing based on legitimate interest, the data subject has the right to object.

3.6 Marketing Communication

If the data subject gives separate voluntary consent, we may send them information about future events, news and activities of AIM Group Slovakia. Legal basis: consent under Art. 6(1)(a) GDPR, or another legal basis if permitted by special legislation in the specific situation. Consent may be withdrawn at any time without affecting the lawfulness of processing prior to its withdrawal.

3.7 Protection of Legal Claims, Security and Prevention of Misuse

Purpose: protecting the rights and legal claims of the Controller, resolving disputes, preventing fraudulent or unlawful conduct and ensuring the security of the Event. Legal basis: legitimate interest under Art. 6(1)(f) GDPR, unless it is overridden by the rights and freedoms of the data subject.

4. Mandatory or Voluntary Provision of Data

Data marked as mandatory in the registration form is necessary for entering into and performing the contract or for complying with legal obligations. Without providing it, it may not be possible to complete the registration or to provide the relevant service. Optional data, marketing consent, LinkedIn profile and data on specific dietary requirements are provided voluntarily, subject to the fact that without the dietary information it may not be possible to provide an individual adjustment of the catering.

5. Recipients and Service Providers

We disclose personal data only to the extent necessary. Recipients or processors may include:

- EventsAIR / Centium Software as the provider of the registration and event platform, which, in relation to the data processed for the Organiser, acts in accordance with the relevant contractual terms and the Organiser's instructions,
- Stripe and entities involved in the payment infrastructure to the extent necessary for processing payments, refunds, fraud prevention and compliance with legal obligations,
- Hotel SENEC and/or the operator of hotel services, to whom we will pass on the data necessary to create and manage the accommodation booking. The Hotel SENEC website names TRINITY Hotels, s.r.o. as the controller of personal data; depending on the purpose, the hotel may process data as an independent controller in accordance with its own information obligations,
- catering suppliers, to whom dietary requirements are provided to the extent necessary; health details are not provided beyond what is necessary to ensure safe catering,
- IT, hosting, e-mail, accounting, tax, production, photography and audiovisual suppliers, if their involvement is necessary for the provision of services,

- public authorities or other persons, if disclosure is required by law or is necessary for the protection of legal claims.

6. Transfers to Third Countries

Some technology or payment providers may also process personal data outside the European Economic Area. Where such a transfer takes place, the Controller or the relevant provider will use a mechanism permitted under Chapter V GDPR, for example an adequacy decision of the European Commission, the participation of an eligible recipient in the EU–U.S. Data Privacy Framework, or standard contractual clauses together with appropriate supplementary measures. Stripe states certification under the EU–U.S. Data Privacy Framework for the relevant transfers; the specific mechanism depends on the Stripe entity and service involved.

7. Retention Period

We retain personal data only for the period necessary for the purpose for which it was obtained and subsequently for the periods necessary to comply with legal obligations or to protect legal claims.

- registration and organisational data: during the preparation and holding of the Event and subsequently for a reasonable period necessary for administration, complaints and the protection of legal claims;
- accounting and tax documents: for the statutory archiving period under the relevant legislation;
- data on dietary requirements, in particular data on allergies or intolerances: as a rule only until the end of the Event and the completion of the immediate organisational agenda, after which it will be deleted or anonymised, unless there is a legal reason for further retention;
- marketing data: until consent is withdrawn or until the purpose of processing ends, whereby data necessary to record the withdrawal or objection may be retained for longer;
- photographs and audiovisual recordings: for a reasonable period corresponding to the purpose of documentation, archiving or communication, whereby the specific period depends on the legal basis and the manner of use.

8. Rights of Data Subjects

Under the conditions of the GDPR, you have in particular the right of access to personal data, rectification, erasure, restriction of processing, data portability, the right to object to processing based on legitimate interest and the right to withdraw consent at any time, if the processing is based on consent. You also have the right not to be subject to a decision based solely on automated processing, including profiling, if the conditions of the GDPR are met.

You may exercise your rights at registracie@aimgroup.eu. We will respond to your request without undue delay, as a rule within one month; in cases permitted by the GDPR, this period may be extended by a further two months, of which you will be informed.

9. Right to Lodge a Petition or Complaint

If you believe that we are processing your personal data in breach of the law, you have the right to contact the Office for Personal Data Protection of the Slovak Republic and file a petition to initiate proceedings, or to use another available remedy under the law.

10. Automated Decision-Making and Profiling

In connection with registration for the Event, the Controller does not plan to carry out decision-making based solely on automated processing that would have legal effects on the participant or similarly significantly affect them. Should this method of processing be introduced in the future, data subjects will be informed in advance to the extent required by the GDPR.

11. Data Security

The Controller takes appropriate technical and organisational measures to protect personal data against accidental or unlawful loss, destruction, alteration, unauthorised disclosure or access. Access to data is limited to persons who need it to perform their tasks, and the relevant suppliers are contractually bound by data protection obligations to the extent required by law.

12. Changes to this Policy

We may update this policy as appropriate, in particular in the event of changes in legislation, the services used or the methods of processing. The current version will be available on the Event website. Last updated: 1.10.2026.
