During this walking tour, we will guide you to the more representative quarters of Barcelona stopping at the most authentic tapas venues to feel and taste the real flavor of daily life in the city. The tour will start at the conference venue where a guide will take guests on a walking tour through the beautiful streets of Barcelona's Old Quarter. The tour will include a stop at the famous La Boqueria Market and then continue on to 3 other authentic bars/restaurants where attendees will sample traditional tapas and local beverages.
