

SASP Congress: Thursday 12 to Sunday 15 September 2024

Final Scientific Programme

Wednesday 11 September 2024: Meeting Day

International Private Physiotherapy Association (IPPTA)

Venue: Freesia

Time: 9h00-16h00

Thursday 12 September 2024: Meeting Day

NMS Networking session

Venue: Daisy

Time: 12h30-14h00

SASP AGM

Venue: Daisy

Time: 16h00-19h00

World Physiotherapy Africa Region meeting

Venue: Orchid

Time: 8h00-15h00

International Private Physiotherapy Association (IPPTA)

Venue: Freesia

Time: 9h00-16h00

Friday 13 September 2024: Congress Day 1

7.00-09:00	Congress registration.					
	Programme Directors: Lonese Jacobs & Joseph Martial Capo-Chichi					
09:00-09:45	Plenary Hall: Opening Ceremony Welcome and Housekeeping					
	Session Chair: Witness Mudzi					
09:45-10:45	Keynote Speaker: Prof Michel Landry Title: <i>The ‘Sunk Cost Fallacy’ in Physiotherapy: Visioning a new beginning for the profession</i>					
10:50-10:56	Platinum Exhibitor engagement: Natmed Medical Services					
10:56-11:26	Tea & Coffee break					
11:30-12:30	Breakaway	Breakaway	Breakaway	Breakaway	Breakaway	Breakaway
	Session Chair: Aimee Stewart	Session Chair: Tania Steyl	Session Chair: Konan Johnson Kouamé	Session Chair: Sandy Lord	Session Chair: Niri Naidoo	Session Chair: Heather Talberg
	Venue: Plenary Hall	Venue: Hall 8.3 Innovation	Hall 8.2 Rehabilitation	Venue: Daisy Early Intervention	Venue: Freesia Interprofessional Management	Venue: Orchid Education
11:30-11:45	Discussion Forum 1: Innovation in rehabilitation- Chair: Witness Mudzi Panellists: Bukola Olaleye, Deon Bührs	Public-Private Partnerships to Enhance Access to Quality Rehabilitation Services in KwaZulu-Natal ahead of National Health Insurance Implementation: Stakeholders’ Perspectives – Senzelwe Mazibuko	Exploring “value” in South African Rehabilitation and Disability Policies: A Qualitative Analysis – Rentia Maart	What do we know about Trail Running-related Injuries? 6th update from a living systematic review – Carel Viljoen	Patient’s Perspectives, Pain and Health-related Quality of Life in Same-day Discharge Hip and Knee Arthroplasty – Martin van Heerden	Challenges of Physiotherapy Development in African Portuguese-speaking Countries – Cláudia Costa

11:45-12:00		A Scoping Review of Participatory Methods of Data Collection used in Research with Disabled Children and Young People – Karen McConnell	Health promoting lifestyle knowledge, stroke related risk factors and quality of life of stroke survivors in Gauteng– Tshepang Sebulele	Early Stimulation for Children with developmental delay or disability. case study of Karongi district of Rwanda- Jimmy Masengesho	Benefits of Interdisciplinary Collaboration on the Experience of Chronic Pain Patients: A case study approach – Laeeqa Sujee	Towards developing a Competency Framework to guide responsive Physiotherapy Practice – Marianne Unger
12:00-12:15		A first for Ghana: "Exposing the Hidden Struggles of Burns Patients and Calling for Integrated Support "- Alberta Tawagidu	Outcomes of Adults Recovering from Major Thoracic Trauma following Myofascial Release and Active Exercise Therapy Interventions: A Quasi-Experimental Study – Kyra Lee Blewitt	Prevalence and Associated Factors of Musculoskeletal Disorders among Health Professional Students at MUST – Priscillah Ondoga	Patient-Centred Primary Healthcare: Physiotherapists' Perspectives on providing Effective Care for High-Impact Chronic Pain in the Western Cape, South Africa – Brett Mason	Perceptions of South African Physiotherapy Students regarding the Value of Undergraduate Research Training - A Cross Sectional Study – Joyce Mothabeng
12:15-12:30	Physical Activity of Community-dwelling Persons with Lower Extremity Amputation living in Ghana: some preliminary findings – Adjoa Banson	Transgressions by Physiotherapists lodged at the Health Professions Council of South Africa between 2010 to 2020 – Nokuzola Dantile	Technology Advances in Rehabilitation and Patient Care in the Field of Physiotherapy – Hanita Muthray	Comparing functional Outcomes of Group and Individualized Physiotherapy Treatment Models for Children with Cerebral Palsy in Ghana – Sandra Banini	Protracted Exercise Tolerance post-COVID-19 in Endurance Athletes' quest to return to Pre-illness Level of Sport – Cheryl Haley	The Prevalence and Profile of Spinal Cord Injury in Public Rehabilitation Units in Gauteng, South Africa – Michael Alves
12:30-13:30	Lunch ePoster Presentations 12:40: Improving Access to Care - Multi-disciplinary teams for expanded clubfoot treatment – Karen Moss 12:50: Physiotherapy Student Perspectives on Clinical Reasoning - Jacueline Hendriks 13:00: A mixed-method study of the development of an interprofessional rehabilitation programme for the management of patients diagnosed with osteoarthritis in Ghana – Ebenezer Addo Networking Sessions Neuro Rehabilitation SIG – Daisy CPRG SIG – Orchid Exercise area NMSPG Mobility zone					

13:40-15:10	Breakaway	Breakaway	Breakaway	Breakaway	Breakaway	Breakaway
	Session Chair: Elzette Korkie	Session Chair: Sam Ibeneme	Session Chair: Beatrice Sankah	Session Chair: Rubine Brandon	Session Chair: Samantha Hurst	Session Chair: Monique Keller
	Venue: Plenary Hall Networking & Rehabilitation	Venue: Hall 8.3 Innovation	Hall 8.2 Rehabilitation	Venue: Daisy Innovation	Venue: Interprofessional Management	Venue: Orchid Education
13:40-13:55	Networking: IPPTA: (60 mins)	Discussion Forum 2: Inclusive Community- based Physical Activity for People with Disability: A Life-course Approach – Chair: Claire Kerr Panellists: Karen McConnell; Joanne Potterton; Katherine Swanepoel	Exploring Determinants of Physical Activity in Adults with Traumatic Spinal Cord Injury in the Western Cape, South Africa – Toughieda Ismail	Development of an Inclusive and Cost-effective Afrocentric Predictive Model for Stroke towards sustainable Lifestyle Modification Strategies: A Novel Approach – Nombeko Mshunqane	The Perspectives of Healthcare Professionals regarding Interprofessional Collaboration among Three Tertiary Hospitals in the Tshwane District, Gauteng – Bianke Schoeman	Effect of an Educational Programme on the Perception of Pain on Function after Lumbar Spinal Surgery – Kgabo Masoma
13:55-14:10			Effectiveness of a structured aerobic exercise intervention for adults living with HIV/AIDS on HAART: a single- blinded randomized control trial – Tania Steyl	Non-pharmacological stress management interventions in physiotherapy: A scoping review protocol – Natalie Benjamin-Damons	Bridging Socio-economic Gaps for Persons with Disabilities in Resource- Constrained Settings – Victor Alochi	Continuing Education Needs on Adult Neurology Conditions for Physiotherapists in South Africa – Pooveshni Naidoo
14:10-14:25			An Overview of Data to determine Indicators for Walking Ability of Middle Cerebral Artery Infarcts 3 Months Post Stroke – Retha Nienaber	Reimagining the mentorship dyad: an autoethnographic exploration of the concept, catalysts and consequences – Hannah Haswell	Namibia supports a Century of Rehabilitation and Beyond- A Reflection on the Development of the First Namibian Physiotherapy Education Program – Zenra Buys	Community Service Discussions: Lessons for Graduate Outcomes - Heather Talberg
14:25-14:40			Health-related Quality of Life Profiles and the Associated Factors among Stroke Survivors in Gauteng, South Africa – Veronica Ntsiea	Prevalence and Characteristics of Women with Persistent LBP Postpartum – Palesa Madzivhandila	Physical Activity Interventions to reduce the Prevalence of Non- communicable Diseases in Older People in Sub-Saharan Africa – Shane Naidoo	Multi-professional Collaboration in a Rural Setting: Healthcare Professionals' Experiences of Speech-Language Therapy – Charne Christians
14:40-14:55	The Effect of a Six-week Exercise Intervention on the Joint Kinematics, Throwing Speed and Accuracy of	Physiotherapists' Experiences of Forensic Audits by South African Medical Funding Schemes – Lesley Meyer	Acceptability of Telerehabilitation among Stroke Survivors in Nigeria – Olubukola Olaleye	Views of Health Care Users and Providers: Solutions to improve the Prevention of Secondary Health Conditions among People with Spinal	Stakeholders' Perspectives on Pressure Ulcer Prevention Strategies among Learners with Paraplegia attending a Residential	Exploring Speech-language Pathology Students' Perceptions and Experiences during Hospital Clinical Training – Khomtjo Kgare

	Male Club-level Cricket Players – Joanita Smit			Cord Injury, South Africa – Sonti Pilusa	South African Special School – Undine Rauter	
14:55-15:10	Working Towards Inclusion of Children with Disabilities in South Africa through Innovative Paediatric Mobility Devices – Robyn Kleintjes	Exploring Rehabilitation Stakeholders' Perspectives on the Value of Rehabilitation in South Africa: A Qualitative Study – Rentia Maart	Exploring Factors related to Non-adherence to Physiotherapy Clinical Attendance after Traumatic Fractures in Children in KwaZulu-Natal: A Caregiver Perspective – Nomtembiso Magida	Feasibility of delivering supervised exercise training following surgical resection and during adjuvant chemotherapy for pancreatic ductal adenocarcinoma (PRECISE): A case series – Gillian Prue	Upper Limb Rehabilitation in (sub)acute Stroke in West African Low-income Countries: An Observational Prospective Study focusing on Dose and Content – Justine Demebele	Navigating Medical Malpractice: Mitigating Risk, Myths, and Proactive Management – Lauren Anderson
15:10-15:40	Tea & Coffee break					
	Session Chair: Ajediran Bello					
15:50-16:40	Plenary Hall: Discussion Forum 3: Reframing Care of People with Musculoskeletal Pain Chair: Ajediran Bello Panellists: Ina Diener, Bashir Bello					
	Close of day – Welcome Cocktail in Exhibitor Hall					

Saturday 14 September 2024: Congress Day 2

07.00-08:20	Congress Daily Registration					
08:30	Programme Directors: Alberta Rockson & Houda Lahlou					
	Welcome and Housekeeping					
	Session Chair: Michel Landry					
08:40-09:40	Plenary Hall Keynote Speaker: Dr Tim Noblet Title: <i>Embracing Advanced Neuromusculoskeletal Physiotherapy Practice for Global Health: Insights from the UK and Pathways for Africa</i>					
09:42-09:45	Diamond Exhibitor engagement: CFP Brokers & YIB					
09:50-10:50	Breakaway	Breakaway	Breakaway	Breakaway	Breakaway	Breakaway
	Session Chair: Zola Dantile	Session Chair: Marianne Unger	Session Chair: Retha Nienaber	Session Chair: Bénédict Schepens	Session Chair: Priscillah Ondoga	Session Chair: Adjoa Banson
	Venue: Plenary Hall	Venue: Hall 8.3 Innovation	Hall 8.2 Rehabilitation	Venue: Daisy Innovation	Venue: Freesia Students	Venue: Orchid Education
09:50-10:05	Discussion Forum 4: The Pros and Cons of Manual Therapy Chair: Ina Diener Panellists: Linda Steyn; Roline Barnes	Discussion Forum 5: A Critical Perspective on Inclusive Rehabilitation Research – Chair: Joyce Mothabeng Panellists: Karien Mostert; Douglas Maleka; Alberta Rockson	Provision and Use of Physical Rehabilitation Services for Adults with Disabilities in Rwanda: A Descriptive Study – Anne Kumurenzi	Effects of Pedometer-Based Walking on Risk Factors of Stroke in Community-Dwelling Older Adults: Systematic Review – Sam Ibeneme	Effects of Three-week Virtual Reality Game Training on Upper-limb Motor recovery among Stroke Survivors: A Randomized Trial – Michael Egwu	Interaction and Possibilities for European Professional Physiotherapy Organisations to Influence Entry-level Education: A Semi-structured Interviews Analysis – Tim Nemeth
10:05-10:20			Exploring the accessibility of physiotherapy services post-hospital discharge after stroke in Blantyre, Malawi: the patient's perspectives – Kholofelo Mashola	Same-day Discharge after Early Mobilisation and Increased Frequency of Physiotherapy following Hip and Knee Arthroplasty – Retha-Mari Prinsloo	Physical Activity Behaviour of Community-dwelling Persons with Traumatic Spinal Cord Injuries in Cape Town, South Africa – Aeysha Gabriels	Research as a Refinement Tool for Training and Practice in Medical Rehabilitation: An AHPC-Authorized Conference – Ajediran Bello

10:20-10:35			Descriptive Cross-Sectional Survey to Management Practices for Patients with Hand Osteoarthritis in South Africa: A Pilot Study – Monique Keller	Aetiology and Motor Function in Postneonatal Cerebral Palsy: Findings from the Northern Ireland Cerebral Palsy Register over Three Decades – Claire Kerr	Caregiver Experiences of a Facilitation Programme for Children with Malnutrition – Anri Human	Inclusion in Primary Physical Education from the Perspectives of Educational Staff and Pupils with Disabilities: A Qualitative Systematic Review- Karen McConnell
10:35-10:50	Incidence of Post Stroke Spasticity (PSS) and Associated Risk Factors among Stroke Survivors in Southwestern Uganda – Amon Nuwahereza	Exploring Contextual Needs to inform Caregiver-delivered Intervention for Children with Severe Cerebral palsy in Non-urban KwaZulu-Natal - A Qualitative Study – Shayne van Aswegen	Employment among Persons with Traumatic Spinal Cord Injury in Kenya- Brenda Lijodi	Document Review of the Paper-based Implementation of the Framework and Strategy for Disability and Rehabilitation in South Africa – Naeema Hussein El Kout	The Relationship Between Cough Strength and Pectoralis Major Muscle Strength in Intensive Care Unit Patients – Rubine Brandon	Interdisciplinary Community Attachment to Determine the Profile and rehabilitation needs for Persons with Disabilities: CBR Baseline survey in Rulindo District-Rwanda – Jean Sagahutu
11:00-11:30	Tea & Coffee break					
11:40-13:10	Breakaway	Breakaway	Breakaway	Breakaway	Breakaway	Breakaway
	Session Chair: Olubukola Olaleye	Session Chair: Gillian Ferguson	Session Chair: Mary Wetani Agoriwo	Session Chair: Kurt Daniels	Session Chair: Martin van Heerden	Session Chair: Evans Ashigbi
	Venue: Plenary Hall	Venue: Hall 8.3 Innovation	Hall 8.2 Rehabilitation	Venue: Daisy Innovation	Venue: Freesia Students	Venue: Orchid Education
11:40-11:55	Discussion Forum 6: National Health Insurance Scheme Enrolees' Satisfaction with Quality of Care in Nigeria – <u>Chair:</u> Georgian Chiaka Ibeneme Panellists: Davidson Okwudili John, Sam Chidi Ibeneme	Discussion Forum 7: Achieving Success in Private Practice: Running an Efficient and Profitable Private Physiotherapy Practice – <u>Chair:</u> Celia Champion Panellists: Kate Knapton; Elodie Boshoff; Karen Coertze	How do Women in South Africa Return to Running Postpartum? – Rochelle Bouwer	Activity Preferences of Children with Cerebral Palsy and Non-disabled Peers in Saudi Arabia – Claire Kerr	Experiences of undergraduate physiotherapy students at a selected university in South Africa working in Intensive care clinical block – Nombeko Mshungane	Development of a Physiotherapy Entry-level Education Curriculum in Tajikistan: A Low-resource Setting Experience – Nihad Almasri
11:55-12:10			Clinical Profile and Feasibility of Early Mobilisation of Stroke Patients from A Tertiary Hospital in Middle East – Gillian Ferguson	The Prevalence of Health Risk Behaviour Engagement among Grade 4 to 7 Learners in Primary Schools: A Phase One Needs Analysis – Kurt Daniels	Physical Activity and Exercise Behaviours in Adults living with a Stoma, and the Factors influencing their Participation – Naila Edries	Profile of Rehabilitation in Cancer Care in South Africa – Sonti Pilusa

12:10-12:25			Participation of Fathers/Partners and Siblings in Home Rehabilitation Programmes for Children with Neuro-developmental Delay: A Scoping Review – Precious Madzimbe	Perceived Facilitators and Barriers to Physical Activity among Postpartum Women in a Selected Tertiary Hospital in Accra, Ghana – Dorothy Adjabu	Effect of Group-based Exercise and Education on Self-efficacy and Function in an Adult with Chronic Lower Back Pain: Case Report – Ashlynn Wilkins	Examining the Effects of Climate on Breast Oedema – Mandy Goodyear Single leg standing balance of children with Foetal Alcohol Spectrum Disorders: an observational study – Yolandi Brink
12:25-12:40	Physical Activity Evaluation of Persons with Acute Stroke at a Specialised Unit in South Africa: A Proof of Concept and Feasibility Study – Brad Simpson	Disability Prevalence and Assistive Device use amongst Older Adults from a Community-Based Population Survey in Peri-Urban Harare – Kate Mattick	Discussion Forum 8: Rehabilitation for Universal Health Coverage: Implementation of WHO technical packages in Africa Chair: Nassib Tawa Panellists: Nuhu Asumani, Joseph Martial Capo-Chichi, Willy Musafiri, Cyprien Ntakirutimana	Digitalisation In Physiotherapy - An African Perspective – Olebogeng Masilo	Pain neuroscience education: Knowledge and Application in chronic low back pain management in Ivory Coast - Konan Johnson Kouamé	Feasibility of a 10-week Community-based mHealth Rehabilitation Program using the “WalkWithMe” Application in Stroke Survivors in Benin: A Pilot Study – Senade Noukpo
12:40-12:55	A Scoping Review of Exercise Programs and Adherence Strategies used in the Management of Hand Osteoarthritis – Beatrice Sankah	Rapidly expanding Coverage of Care for Children and Adults with Cerebral Palsy in Rural South Africa: Lessons learned – Maryke Bezuidenhout		Unveiling the Perceived Impact of Group versus Individual Physiotherapy Treatment Models on Caregivers of Children with Cerebral Palsy in Ghana – Sandra Banini	Caregivers Awareness on proper Positioning Techniques of Stroke Patients at University Teaching Hospital of Kigali and Rwanda Military Hospital – Emile Bikorimana	“Making Affordable Postural Assistive Devices for Children with Cerebral Palsy in Low Resourced Settings: Case Study of Kiziba Refugee Camp” – Jimmy Masengesho
12:55-13:10	The Effect of Functional Electrical Stimulation of the Abdominal Muscles on Functional Activity and Trunk Motor Performance in Stroke Patients – Tarryn Summerton	Effect of Workstation Modifications: A Low-cost Strategy to prevent Low Back Pain in the Weaving Sector in Burkina Faso – Bénédicte Schepens		Rehabilitation in Early Detection and Interventions as Part of Comprehensive ECD Package/Experience using the MDAT-HI Rwanda – Roxanne Dushime	The impact of a brief online education intervention on the knowledge, attitudes and beliefs of qualified physiotherapists about chronic low back pain – Sandy Lord	Lessons Learnt in providing Physiotherapy for Children undergoing Single Event Multilevel Surgery (SEMLS) at a Tertiary Level Hospital in Soweto – Tracey Bulmer
13:10-14:10	LUNCH ePoster Presentations 13:20: Bounce back to life journey – five stories of inspiration – Laeeqa Sujee 13:30: Integration of dance music in rehabilitation for burn victims: report of 5 cases - Rosine Legba 13:40: Caregivers' perception on accessibility to physiotherapy rehabilitation services for children with Cerebral Palsy - Believe Nutornutsi 13:50: A Comparison of Task Based Mirror Therapy and Constraint Induced Movement Therapy for Upper Limb Function Recovery in Sub-acute Stroke Patients in Low Medium Income Countries (LMIC) – Raphael Christopher Networking Session: “Lunch with PSG” – Plenary Hall Sports SIG – Daisy					

	Exercise area Country sports					
	Session Chair: Veronica Ntsiea					
14:20-15:20	Plenary Hall Keynote Speaker: Mrs Alberta Rockson Title: <i>Towards achieving the Vision of the World Rehabilitation Alliance</i>					
15:22-15:25	Diamond Exhibitor engagement: Standard Bank					
15:25-15:55	Tea & Coffee break					
16:00-17:00	Parallel session	Breakaway	Breakaway	Breakaway	Breakaway	Breakaway
	Session Chair: Bashir Bello	Session Chair: Gillian Prue	Session Chair: Heleen van Wyk (Nel)	Session Chair: Bridget Numarce	Session Chair: Kholofelo Mashola	Session Chair: Siyabonga Kunene
	Venue: Plenary Hall	Venue: Hall 8.2 Innovation	Hall 8.3 Rehabilitation	Venue: Daisy Early Interventions	Venue: Freesia Students	Venue: Orchid Rehabilitation
16:00-16:15	Discussion Forum 9: Translating research into practice in Africa – Chair: Naeema Hussein El Kout Panellists: Oyene Kossi, Beatrice Sankah	Discussion Forum 10: Strengthening rehabilitation in Africa – Chair: Charles Batcho Panellists: Ashigbi Yayra, Aimee Stewart	Knowledge, Attitudes and Practices of South African Physiotherapists Regarding the Management of Gynaecological Cancer Survivors – Jané Welman	Similarities and Differences in Thoracic Trauma Care between South Africa and Sweden: A Prospective Observational Study – Heleen van Aswegen	Relationship between Craniovertebral Angle and Chronic Neck Pain among Patients with Cervical Spondylosis – Michael Egwu	Effect of 8-week Circuit-Exercise Training on Cardiopulmonary Indices, Body Composition and Health Status among Subgroups of People Living with HIV – Davidson John
16:15-16:30			The Effects of a Physical Activity Programme on improving Quality of Life of recovering Nyaope Users in Tshwane – Moitheki Molapisi	Breathing Pattern Dysfunction in Patients with Median Sternotomy following Hospital Discharge: A Cross-Sectional Study – Samantha Hurst	Policy Analysis of a University Mental Health Policy: Implications for Rehabilitation Students – Bryce Till	Kinesthesia and its Relationship with Range of Motion in School-age Children – Gillian Ferguson
16:30-16:45			Mapping the Rehabilitative Pathway of Paediatric Traumatic Brain Injury	Change in Severity of Pelvic Floor Dysfunction in Females Three Months after sustaining Pelvic	Knowledge of Physiotherapy Among Medical Students In Sudan – Balsam Fadulallha	Developing a decentralized wheelchair seating service in rural South Africa: how to reach 90% coverage and

			Patients and their Families – Donna Le Roux-Jacobs	Fractures: A Reason for Screening- Nazreen Chopdat		77% six-monthly review rates – Maryke Bezuidenhout
16:45-17:00	The Validity, Reliability and Feasibility of the Digital Scale to measure Lower Limb Weight Bearing in Stroke Patients – Pooveshni Naidoo	Sport Development and Promotion of Physical Activities in Rural Schools of Lephalale in Limpopo Province, South Africa: Barriers and Facilitators – Tulycia Letshokotla	Physiotherapy-based Stroke Rehabilitation Practices in a Nigerian Tertiary Health Institution: Adherence to Evidence- based Guidelines – Nombeko Mshunqane	International Students need Physical Activity in line with Global Targets against Noncommunicable and Mental Diseases – Niviyimana Willy	An Observational Study of maximum Inspiratory Pressure Variations in Mechanically Ventilated Adult Patients: A Physiotherapy Perspective – Kelebogile Mogopodi	Biomechanical Profile of Yoga Postures commonly used in Low Back Pain Management – Jean Mapinduzi
Centenary dinner						

Sunday 15 September 2024: Congress Day 3

07:00-08:20	Congress daily registration					
08:30	Programme Directors: Martin van Heerden & Sagahutu Jean Baptiste					
	Welcome and Housekeeping					
	Session Chair: Heleen van Aswegen					
08:40-09:40	Plenary Hall Keynote Speaker: Prof Johan Steyn Title: <i>Beyond the Myths: AI's Transformative Role in Clinical Practice</i>					
09:42-09:45	Diamond Exhibitor engagement: Government Employees Medical Scheme					
09:55-10:55	Breakaway	Breakaway	Breakaway	Breakaway	Breakaway	Breakaway
	Session Chair: Desmond Mathye	Session Chair: Annalie Basson	Session Chair: Poovesni Naidoo	Session Chair: Nombeko Mshunqane	Session Chair: Sonti Pilusa	Session Chair: Soraya Maart
	Venue: Plenary Hall	Venue: Hall 8.3 Innovation	Hall 8.2 Rehabilitation	Venue: Daisy Rehabilitation	Venue: Freesia Early Interventions	Venue: Orchid Rehabilitation
09:55-10:10	Discussion Forum 11: The role of technology in rehabilitation and universal healthcare Chair: Michel Landry Panellists: Johan Steyn; Tarina van der Stockt	Discussion Forum 12: Strengthening physiotherapy in health systems: APEFE, WBI and UCLouvain strategy in Africa- Chair: Olivier Jadin Panellists: Bénédicte Schepens; Clément Bagnoa; Alexia Germeau	Effectiveness of mHealth Interventions on Pain Intensity and Functional Disability in Hip or Knee Osteoarthritis: A Systematic Review and Meta-analysis- Jean Mapinduzi	Upper Limb Muscle Strength and Exercise Endurance as Predictors of Successful Extubation in Mechanically Ventilated Patients – Rubine Brandon	Intra-pleural Drainage in Patients with a Chest Tube following Trauma – the importance of timely Physiotherapy – Ronel Roos	Patient Perceived Barriers and Facilitators to Weight-bearing with a Lower Limb, Circular, External Fixator – Monique Keller
10:10-10:25			The Use of Active Video and Computer (AVC) Game Technology in Physiotherapy Practice: Perceptions of the Physiotherapist- A Qualitative Study. – Bridget Numarce	Bridging the Gap: Advancing Physiotherapy Rehabilitation in South Africa – Jayshree Ramjee	Patient and Public Involvement in Cerebral Palsy Research – Karen McConnell	The Perceptions of Patients with Osteoarthritis at a Public Community Rehabilitation Centre in the Cape Metropole for using Digital Technology in Rehabilitation: a

						qualitative study – Gabriela Prins
10:25-10:40			A Decade of Progress: Establishing the CPUP- Jordan, the First Cerebral Palsy Registry in Low- and Middle-Income Countries – Nihad Almasri	Patient Discharge Practices by Rehabilitation Professionals in Benin: Preliminary Results – Joseph Capi-Chichi	Lifestyle Interventions in Comorbid Mental and Physical Illness: A Systematic Review – Sandy Lord	Voluntary and Mandatory Frameworks for continuing Professional Development for European Physiotherapists – raison d'être: A Semi-structured Interviews Analysis – Tim Nemeth
10:40-11:10	Tea & Coffee break					
11:20 -13:10	Breakaway	Breakaway	Breakaway	Breakaway	Breakaway	Breakaway
	Session Chair: Joanne Potterton	Session Chair: Joyce Mothabeng	Session Chair: Natalie Benjamin-Damons	Session Chair: Ina Diener	Session Chair: Tracey Bulmer	Session Chair: Ronel Roos
	Venue: Plenary Hall	Venue: Hall 8.3	Hall 8.2 Rehabilitation	Venue: Daisy Rehabilitation	Venue: Freesia Rehabilitation	Venue: Orchid Rehabilitation
11:20-11:35	Discussion Forum 13: Research in children with disabilities – <u>Chair:</u> Anri Human <u>Panellists:</u> Joanne Potterton, Brenda Morrow, Precious Madzimbe, Juan Bornman (Speech)	Spinal Manipulation and Mobilisation among infants, children and adolescents – Annalie Basson	Returning to Running Postpartum: A Scoping Review – Rochelle Bouwer	Comparison of Self-Management Versus Physiotherapist-Supervised Protocols for Patients with Lumbar Radiculopathy: A Randomised Controlled Trial. – Bashir Bello	Post COVID Syndrome: Impairments impacting on Activities of Daily Life – Soraya Maart	PhysioPedia Group Professionalisation and Regulation Reflection Tool (PRRT): Fostering Interprofessional Collaboration in Advancing Rehabilitation Professions-Victor Alochi
11:35-11:50		"It's a Matter of Degrees". Quantifying Paediatric Burns at Ghana's Leading Burns Centre – Alberta Rockson	"Every run is hard": Endurance Athletes' Experiences of Return to Sports Participation after COVID-19 – Cheryl Haley	The Experience of Performing Basic and Instrumental Activities of Daily Living of Recovering Nyaope Users in Tshwane – Moitheki Molapisi	Utilization and Delivery of Rehabilitation Services among Persons with Parkinson's Disease: A Scoping Review – Mary Agoriwo	Collaborating to strengthen Entry-level Professional Education in Uganda using the Academic Program Reflection Tool – Margaret Namatovu
11:50 – 12:05		Upper Limb Disabilities and Associated Factors among Breast Cancer Survivors – Davidson John	Overview of Mobility Data collected on Parkinson's Patient completing the LSVT BIG® Program – Retha Nienaber	Perception of Breast Cancer Patients about the Impact of Physiotherapy Rehabilitation on Their Quality of Life at Khartoum	mHealth for rehabilitation in non-specific spinal disorders:	Professional Associations in Uganda levelling up Continuing Professional Development through

				Oncology Hospital – Ester Aromi	a systematic review of the efficacy and potential for implementation in LMICs – Mahutchégnon Mitchaï	Collaborative Clinical Rehabilitation Skills Training – Amon Nuwahereza
12:05-12:20	Optimal Timing and Duration of Physiotherapy Interventions for Gait Parameters After Lower Limb Arthroplasty: A Comprehensive Systematic Review – Sam Ibeneme	Functional Outcomes of Medical and Trauma Patients in a Critical Care Unit using the Chelsea Critical Care Physical Assessment Tool – Lebogang Tjale	Description of Conventional Physiotherapy Interventions for Patients with Stroke admitted to a Rehabilitation Centre in the Western Cape, South Africa – Tarryn Summerton	Anterior Cruciate Ligament Injury Management and Rehabilitation in Ghana: Practices and Experiences of Physiotherapists – Evans Ashigbi	Developing a Community-based Exercise and Physical Programme for Runners with Patellofemoral Pain in Under-resourced Communities: a Delphi Study – Siyabonga Kunene	Strengthening Rehabilitation in Uganda Using the International Rehabilitation Education Training Toolkit – Herbert Omoding
12:20-12:35	Feasibility and Effectiveness of Post-Stroke Early Mobilization in Selected Low-Resource Settings in Rwanda: A before and After Implementation Study Design – Gerhard Urimubenshi	Towards developing a Community Physical Activity Intervention for Persons with Lower Extremity Amputation: A Patient and Public Involvement Pre-research Activity- Adjoa Banson	Feasibility of home-based exercise training during adjuvant treatment for metastatic castrate-resistant prostate cancer patients treated with an androgen receptor pathway inhibitor – Gillian Prue			
12:35–13:35	LUNCH Poster Presentations 12:45: Cyber Risk Unveiled: Mitigation, Liability, and Cyber Insurance Insights – Lauren Anderson Networking Sessions: Aquatic SIG – Daisy Exercise area Pain management testing & fun activities					
	Session Chair: Prof Witness Mudzi & Dr Natalie Benjamin-Damons					
13:45-14:05	Molly Levy Eponymous Award Lecture (20 mins)					
14:10–15:10	Plenary Hall: Celebrating Rehabilitation/Patient testimonials/Closing Ceremony and prize giving/Next congress
