12-15 SEPTEMBER 2024 CAPE TOWN

Registration now open

The registration platform is now active. Kindly visit the website to view the rates and access the online registration link.

Utilise the profile you established when indicating your interest (using your email and password) for the registration process. Be sure to take advantage of the early bird discount by registering before the deadline on May 31, 2024. Early registration ensures you benefit from the discounted rate. [Register here.](#)

Exhibition/Sponsorship Opportunities

The SASP is delighted to extend an invitation for you to become a sponsor/exhibitor at the SASP Congress 2024: "Physiotherapy: Beyond 100 years of rehabilitation".

We are confident that the scientific programme will be highly informative and engaging, attracting a diverse audience from the national and international physiotherapy community. This event presents an ideal platform for companies and institutions to showcase and introduce their products and services to a targeted audience from across South Africa, Africa, and beyond. To view the opportunities and to book, please visit the [website](#)

INVITED SPEAKERS

Prof Michel Landry

Prof Landry has more than 30 years of experience as a physiotherapist. He is the founder of an EdTech startup company and is a professor at Western Norway University of Applied Sciences (Bergen, Norway) where he teaches in healthy aging and rehabilitation. His research focuses on global health, health policy, workforce and artificial intelligence. Prior to this, he was the chair of the department of physical therapy and associate dean for global health at Virginia Commonwealth University in the United States, and also spent a decade as division chief of the doctor of physical therapy division at Duke University, Durham, North Carolina in the United States.

DR TIM NOBLET

Dr Tim Noblet is a Consultant Physiotherapist at St George's University Hospitals NHS Foundation Trust, Hon. Associate Professor at St George's University of London, UK and Macquarie University, Sydney, Australia and adjunct professor of research at Western University Canada. He has published research investigating persistent and neuropathic pain, complexity in MSK conditions, non-medical prescribing, advanced and consultant practice, psychologically informed practice and rehabilitation. In collaboration with Health Education England and the Musculoskeletal Partnership UK, he led the standards team for the First Contact Practitioner Roadmap to Practice and Musculoskeletal Advanced Practice Standards.

ALBERTA ROCKSON

Alberta Amissah Rockson is a renowned Burns Rehabilitation Specialist and a Contributor to emergency services, teaching and trainings concerning Burns management. She contributed to the Burns chapter of Early Rehabilitation in Conflict and Disasters by Resurge Africa (UK). Her works with Resurge Africa allowed her to explore Burns rehabilitation in Ghana & other African countries where she did not only contribute to patient care but also to the training of doctors and nurses in Burns and Reconstructive Plastic surgery.

VICTORY UNVEILED: CELEBRATING THE CHAMPIONS OF OUR TABLE MOUNTAIN ADVENTURE!

Congratulations!

Mr Fred Degez from France
Mrs Luan Wakefield from South Africa
