

Nomination for the EFTF Awards, *template*

Young Scientist Award / EFTF Award / Marcel Ecabert Award (erase the non-applicable)

Nominated Name and title (Dr? Prof?)	
Current affiliation:	
Contact information: email / phone	
Age (for Young Scientist Award)	

Proposed citation: “State directly in one sentence the reason for the nominee’s selection for this award. This statement will be read at the award ceremony should the nominee be selected”

Awards justification:

Free argumentation for the nomination. Most important is professional history and how the work and results relate to the time and frequency scientific progress. Can include education and previous awards. Regarding publications: add maximum of 5 most important publications, and the total sum of papers, conference proceedings and other publications of importance (patents, textbooks, white papers etc.)

Nominator Name and title:	
Current affiliation:	
Contact information: email / phone	

The nomination is strengthened by support letters from other scientists, but they can submit their support separately to the awards chair.
