

40th ESA Antenna Workshop

8-10 October 2019
ESTEC, Noordwijk, The Netherlands

Biography Presenter

Session Name	Session 10: Multi-Beam and Steerable Antennas
Day of the presentation	10th October 2019 (11:10 - 12:50)
Paper / Presentation Title	Compact Reconfigurable Antenna for Nanosatellites

Name Presenter	Prof. Simone Genovesi
Nationality Presenter	Italy
Affiliation Presenter and Location (City, Country)	Dipartimento di Ingegneria dell'Informazione, Università di Pisa (Pisa, Italy)
Present Position	Associate Professor
Name of other entities involved in the paper	
Experience related to the presentation	<p>Simone Genovesi's research is focused on reconfigurable antennas, array optimization and sensor design. He organized the special session "Characteristic Mode Analysis for Platform-Mounted Antenna Design" at the 11th European Conference on Antennas and Propagation (EUCAP 2017) and he is an active member of the Special Interest Group dealing with Characteristic Modes.</p> <p>Simone Genovesi is the Director of the "Additive Manufacturing Crosslab" at Dipartimento di Ingegneria dell'Informazione, Università of Pisa.</p>
