Welcome to the 60th Annual Scientific Meeting of the ESCI in Lisbon, Portugal

Research in Action: Building Healthier Futures

Lisbon, Portugal, November 2025

It is our pleasure to invite you to join us as a valued sponsor of the **60th Annual Scientific Meeting (ASM) of the European Society for Clinical Investigation (ESCI)** – an exceptional opportunity to align your company with scientific excellence, innovation, and impact.

Taking place in the vibrant and historic city of Lisbon, the 2026 ASM will bring together **500–600 scientists, medical professionals, and innovation leaders** from across Europe and beyond to explore the theme *“Research in Action: Building Healthier Futures.”*

The scientific program will feature a rich blend of disciplines — spanning **cardiovascular science, endocrinology, obesity, metabolism and MASLD, mitochondrial biology, oncology and immunology, rheumatology, and neurosciences**. This year, we'll shine a special spotlight on **Life Transitions in Women, Unravelling Health and Disease Journeys from Pregnancy to Menopause**. The program will also highlight today's most transformative biomedical breakthroughs, from **AI-enabled diagnostics to gene editing and precision therapies**.

The event has been **strategically designed to maximize engagement** and to ensure that sponsors are an **active, visible part of the scientific program**. Each sponsor will have the opportunity to **customize their sponsorship package** through additional options tailored to their goals and areas of interest.

Importantly, **Gold Sponsors** will have the opportunity to propose an **Industry Symposium** and to **feature a video or image projection** during session breaks, as well as have their **logo displayed across all digital materials** among other opportunities.

They will also receive prominent visibility through mentions in LinkedIn posts, press releases, and the opening session, further enhancing their association with scientific excellence and innovation.

We invite you to partner with us in advancing Clinical Investigation at ASM 2026 and to tailor your sponsorship experience for maximum visibility and impact.

Professor Gemma Vilahur

President, ESCI

Professor Maria Paula Macedo

Vice-President, ESCI

Understanding the **Annual Scientific Meeting (ASM) of the ESCI:**

The Annual Scientific Meeting (ASM) is the official flagship event of the *European Society for Clinical Investigation (ESCI)*, founded in 1967 to foster collaboration between fundamental, translational, and clinical research within a truly multidisciplinary framework. Over the past five decades, the ASM has played a pivotal role in shaping the future of biomedical and health research, serving as a platform for innovation, exchange, and inspiration among leading scientists and young researchers.

Why Sponsor the ASM of the ESCI?

- *High Return on Investment*

By aligning your Trademarks with one of Europe's most respected scientific societies, your company will gain **direct visibility in a concentrated audience of key decision-makers and thought leaders** in the medical and scientific communities.

- ***Exceptional Visibility and Networking Opportunities***

The event provides numerous opportunities for your company to engage with attendees through dedicated exhibition spaces, sponsored sessions, and networking events. These moments create meaningful interactions with professionals at the forefront of research and clinical practice, helping your company build influence and partnerships.

- ***Proven Track Record of Excellence***

The ASM consistently attracts a world-class speakers and scientific experts. Recent editions in Barcelona and Genoa featured renowned figures such as:

- Professor Thomas F. Lüscher, President-elect of the *European Society of Cardiology*
- Professor Filippo Crea, Editor-in-Chief of the *European Heart Journal*
- Dr. Valentin Fuster and Dr. Peter Libby, recipients of the *Albert Struyveberg Medal* – ESCI's highest distinction for outstanding achievements in clinical investigation.

The 2026 ASM in Lisbon will build on this legacy, bringing together an exceptional panel of internationally recognized scientists and clinical innovators to address the most pressing challenges and opportunities in modern medicine.
