

## Ljubljana 2h city walking tour

April 9, 2019

Walk around the old city centre has a unique architectural appearance, particularly due a felicitous combination of Baroque and Art Nouveau architecture and masterful creations by the 20th century architect Jože Plečnik.

Our professional English-speaking guide will take you around the city. You will get to know why Triple Bridge is actually triple, where locals buy their food, how Napoleon was one of the most popular politicians all wrapped, why Slovenia really lives with LOVE in our name also in Ljubljana and... well, we don't want to tell you too much. Be sure that after the tour you will feel like living in Ljubljana, not just visiting it.
