ABOUT

ISPE'S ANNUAL CONFERENCE AND AWARDS DINNER

The Annual Conference is open to anyone specialising in pharmaceutical engineering or working in the pharmaceutical industry.

This year's event is being held at the **Hilton Newcastle Tyne Bridge on Thursday 12th November 2026.** The event will follow the established format of a full day of lectures, running alongside a bustling exhibition during the day; followed by the ISPE Annual Awards Dinner in the evening.

ISPE.ORG

This year's conference **"The Bridge to Innovation"** will spotlight cutting-edge developments across the life sciences sector and will be followed by the ISPE Annual Awards Dinner.

The UK continues to compete and lead in today's global pharmaceutical market, despite increasing pressures and competition.
As we move into 2026, success in the pharmaceutical sector will require manufacturers and suppliers to be bold and forward-thinking. Embracing innovation can unlock greater efficiency, accelerate development timelines, enhance product quality and reliability and strengthen resilience in an increasingly complex market. By adopting new technologies and approaches, organisations can better navigate the challenges ahead and seize emerging opportunities.
