

## NAHH Annual Conference

WORKING AS A COMMUNITY,  
IN THE COMMUNITY

12 June 2025

Virtual

## CONFERENCE SESSION SPOTLIGHT

*'Utilising technology to provide hospice at home services'*

13:00 - 14:45

**James Norris, Founder of the Digital Legacy Association and My Wishes**

This session will explore different approaches and ways in which hospice at home services can be enhanced and adapted with technology. It will delve into different methods, different techniques and methodologies. It will also highlight ways in which public and professional facing content can be easily developed and shared.

An examination of the value of digital interventions and making plans for one's digital life will take place.

Free to use tools and resources will be shared with attendees. The purpose is to empower NAHH members when advocating change and improving patient and community care.

**Registration now open!**
