

— Future-Proofing Research Ethics: Scenario Planning and Management Strategies

- Tuesday, 2 September 2025
- 08h30 – 16h30
- Limited to 50 participants
- Protea Hotel Stellenbosch, Cape Town, South Africa

— **CATEGORY:** Research Management (RM)

— **TARGET AUDIENCE:** Research Admin / Managers within Research Ethics Offices / Researchers

— **FOCUS AREA:** Early Career and Intermediate

Overview:

- This workshop aims to equip participants with the skills to navigate emerging research ethics challenges through scenario planning and proactive management strategies. The approaches discussed will be applicable across the various research ethics domains, including Animal, Human, and Biosafety ethics. Key scenarios to be explored include Data Privacy and Security, AI and Emerging Technologies, and Ethical Considerations in Interdisciplinary Research.

Objectives:

1. Using scenario planning to inform risk assessment development
2. Strengthen risk mitigation strategies
3. Apply ethical considerations in emerging technologies
4. Develop disaster and emergency research, ethics protocols/ process fit for purpose
5. Promote proactive research ethics governance
6. Applying research ethics considerations in geo-political scenarios
7. Promote dual research of concern review in Biosafety Application
8. Enhance interdisciplinary research ethics processes

Organisers – Facilitators:
