

GlideScope Core 15— Now with Full HD

The GlideScope® Core™ 15 system offers a Full HD intuitive touchscreen display with immediate access to a broad range of tools to visualize the airway and tracheobronchial tree.

- Live simultaneous video laryngoscopy and bronchoscopy views help you navigate and secure difficult airways
- Bright, crisp image quality on a 15" Full HD monitor—empowering you and your team to see what matters
- Easy set-up for quick turnaround between cases and clear line of sight with an articulating arm
- Extensive portfolio of tools including nine single-use video laryngoscopes and multiple sizes of single-use bronchoscopes
