

Prof Alan Horn

Cape Town, South Africa

Alan Horn is Associate Professor of Paediatrics and Neonatal Medicine at Groote Schuur Hospital and University of Cape Town (UCT).

He has worked at all levels of neonatal care in his training in the UK and South Africa. Alan chairs the specialist committee training at UCT. He has assisted with developing provincial and National guidelines and he is the past and founding president of the United South African Neonatal Association (USANA).

He obtained a PhD for his research on hypoxic ischaemic encephalopathy and has published on a wide range of neonatal topics.
