

## Dr Yethiksha Parag

South Africa

---

Dr Yethiksha Parag is a specialist radiologist at Lake, Smit and Partners in Durban, KwaZulu-Natal. She is the current Deputy Chair of the Breast Imaging Society of South Africa (BISSA). She completed her FC Rad Diag (SA) and MMed (Radiology) postgraduate degrees while at the University of KwaZulu-Natal in 2015. After joining private practice in 2018, she undertook a breast imaging observership at Memorial Sloane Kettering Cancer Centre in New York. She thereafter completed a breast radiology fellowship at Addenbrooke's Hospital in Cambridge, United Kingdom, in collaboration with the European Society of Radiology (ESR) and the European Society of Breast Imaging (EUSOBI). During her time at Cambridge, she participated in research which yielded publications in international peer reviewed journals. In 2022, Dr Parag obtained the European Diploma in Breast Imaging, awarded by EUSOBI. Her areas of interest are breast MRI and MRI-guided intervention.
