

## Prof. Sally Candy

South Africa

---

Prof. Sally Candy is an Associate Emeritus Professor in the Division of Diagnostic Radiology, at Groote Schuur Hospital, Cape Town.

Post qualifying as a specialist in Diagnostic Radiology at the University of Cape Town she obtained her Neuroradiology Fellowship at the New York Presbyterian and Sloan Kettering Hospitals, NYC. On returning to SA, she became a full-time academic consultant radiologist and Head of Neuroradiology at Groote Schuur Hospital and achieved an Associate professorship.

Post-retirement she continues to work in the academic sector in a sessional capacity providing neuroradiology expertise and training, including image review for the combined neurosurgical /oncology /pathology brain and spine tumour board meetings at Groote Schuur Hospital.

She is an examiner and moderator for the South African College of Radiology qualifying examination. Her primary research interests involve the neuroradiological aspects of HIV and Stroke in the South African setting.
