

## Dr Vijay Ramalingam

United States of America

---

Vijay Ramalingam, MD, FSIR is a practising Interventional Radiologist at Beth Israel Deaconess Medical Centre/Harvard Medical School in Boston, MA.

Dr Ramalingam's areas of expertise are portal hypertension, transplant vascular interventions, and tumour ablation.

He is co-director of the Portal Vein Thrombosis clinic and the lead for Genitourinary Tumour Ablation. In addition to his clinical work, he is an expert in Global Health and Capacity Building.

He currently serves as the Director of Research for the Road2IR, a consortium of member institutions focused on building sustainable training programmes in East Africa. Through this role, he has been active in efforts to develop clinical and research programmes in Rwanda and Tanzania.
