

Prof Jenia Vassileva

Bulgaria

Jenia Vassileva is a Professor of Medical Physics from Bulgaria, with main specialisation in diagnostic radiology physics and radiation protection. She recently retired from the position of Radiation Protection Specialist at the Radiation Protection of Patients Unit of the International Atomic Energy Agency, where she worked since 2014 on various projects aiming to improve patient safety in medical use of ionising radiation including publications, guidance and training resources. She was involved in developing three ICRP Publications, and co-authored over 100 peer reviewed articles and has been invited to speak at many scientific forums. She is a reviewer for several peer reviewed journals and is currently an Associate Editor of *Physica Medica*.
