

07:00-08:20	Registration	
08:20-08:25	Welcome SAINTS President of SAINTS	Gareth Bydawell
08:25-08:30	Welcome SAFIRE President of SAFIRE	Wael Saad
08:30-10:00	SESSION 1: TECHNIQUES AND TECHNOLOGIES Chairs: Gareth Bydawell & Wael Saad	
08:30-08:40	Arterial access trends	Ian Wilson
08:40-08:50	Liquid embolics - current status	Matthew Johnson
08:50-09:00	Coils and plugs – overview	Kelvin Hong
09:00-09:10	Particles – overview	Bill Majdalany
09:10-09:20	Microwires and microcatheters - overview and selection	Ahmed Kamel
09:20-09:30	Stent grafts	Wael Saad
09:30-09:40	Ablation technologies – overview	Marco van Strijen
09:40-09:50	Retrievable covered stents for benign biliary diseases - leaks and strictures	Tim Fotheringham
09:50-10:00	IR inventory in a resource-limited unit - bare bones to make it happen!	Janice Newsome
10:00-10:30	TEA	
10:30-12:30	SESSION 2: IR IN AFRICA Chairs: Hammed Ninalowo & Janice Newsome	
10:30-10:40	Training in UK and coming home – SA	Gareth Bydawell
10:40-10:50	Training in USA and coming home – Nigeria	Hammed Ninalowo
10:50-11:05	IR dream come true - Road2IR	Fabian Laage Gaupp & Eric Mbuguje
11:05-11:15	IR inroads in Zimbabwe	Godfrey Chatora
11:15-11:25	IR show in sunny Mauritius	Ashley Chineah
11:25-11:35	Status of IR in Somalia	Ahmed A Osman
11:35-11:45	Morocco IR overview	Najwa Touil
11:45-11:55	IR efforts in Ghana	Nii Koney & Benjamin Sarkodie
11:55-12:05	Neurointervention in SA -overview and opportunities	Victor Mngomezulu
12:05-12:15	PAIRS collaboration with Africa	Ahmed Kamel
12:15-12:25	IR data collection and research in resource limited settings	Vijay Ramalingam
12:25-12:35	Simulation in IR training	Janice Newsome
12:35-14:00	LUNCH & EXHIBITS	
14:00-15:45	SESSION 3: VENOUS AND PE Chairs: Kelvin Hong & Marco van Strijen	
14:00-14:15	Paediatric venous access - Not child's play!	Bill Majdalany
14:15-14:30	Pelvic venous congestion syndrome	Behnam Shaygi
14:30-14:45	Central venous recanalisation and stenting	Chidubem Ugwueze
14:45-15:00	Pulmonary Embolism - clinical and imaging triaging	Marco van Strijen
15:00-15:15	Pulmonary embolism IR - indications, techniques and evidence	Shams Iqbal
15:15-15:30	Establishing Pulmonary Embolus Response Team (PERT)	Kelvin Hong
15:30-15:45	Lymphatic interventions - how to image and help with access?	Bill Majdalany
15:45-16:15	TEA	
16:15-17:15	SESSION 4: PAIN MANAGEMENT Chairs: John Cantrell & Shams Iqbal	
16:15-16:30	Facet blocks, epidural injection and nerve root blocks	Charles Ray
16:30-16:45	Percutaneous neurolysis - techniques and overview	Kevin Anton
16:45-17:00	Sedation and regional anesthesia for IR procedures	Mamadou Sanogo
17:00-17:15	IR for bone tumour pain	Yet Yen Yan
17:15-18:00	SAFIRE meet SIR & CIRSE Chairs: Wael Saad, Hammed Ninalowo, Matthew Johnson & Philippe Pereira	
17:15-17:20	Introduction	Charles Sanyika
17:20-17:30	SAFIRE overview and plans for board certification	Wael Saad
17:30-17:40	SIR global IR efforts	Shams Iqbal/
		Constantinos Sofocleous
17:40-17:50	CIRSE global IR efforts	Gregory Makris/Philippe Pereira
17:50-18:00	Panel discussion	

08:30-10:00

SESSION 1: EMBOLISATIONS

Chairs: Judy Gichoya & Marco van Strijen

08:30-08:45	Visceral aneurysms management - coils, liquids and stents
08:45-09:00	PAVMs and Hemoptysis
09:00-09:15	UAE – role in PPH
09:15-09:30	PAE – Tips and Tricks
09:30-09:45	GIT bleeding
09:45-10:00	Thoracic aortic injuries

Osman Ahmed
Charles Ray
Behnam Shaygi
Sandeep Bagla
Mamadou Sanogo
Keith Horton

10:00-10:30

BREAK

10:30-12:30

SESSION 2: PERIPHERAL ARTERIAL DISEASE AND PORTAL VENOUS IR

Chairs: Vijay Ramalingam and Bill Majdalany

10:30-10:45	Advanced vascular CT imaging
10:45-11:00	Below the knee arterial interventions
11:00-11:15	IR for haemorrhoids
11:15-11:30	TIPS - basic technique, variations and potential complications
11:30-11:45	Portal vein thrombosis - imaging, patient selection, access and recanalisation
11:45-12:00	IR for mesenteric vein thrombosis
12:00-12:15	BRTD and variceal embolisations
12:15-12:30	Portal vein embolisation and liver vein deprivation – overview

Darren Klass
Ian Wilson
Sandeep Bagla
Wael Saad
Vijay Ramalingam
William Parkhurst
Wael Saad
Kelvin Hong

12:30-14:00

LUNCH & EXHIBITS

12:35-13:00	African women in IR
14:00-14:02	Introduction of keynote speaker
14:02-14:15	The Ivan Rukundo Lecture: Africa IR - we are on a mission!

Networking
Judy Gichoya
Janice Newsome

14:15-16:00

SESSION 3: INTERVENTIONAL ONCOLOGY

Chairs: Ahmed Kamel, Philippe Pereira & Constantinos Sofocleous

14:15-14:25	HCC - BCLC 2022 update and triage of patients
14:25-14:40	HCC - TAE and TACE overview
14:40-14:55	HCC - TARE overview and dosimetry
14:55-15:05	Prognostication of repeat Y90 TARE (ART and ABCR scoring systems)
15:05-15:15	Lung ablation - patient selection, techniques, follow up strategy
15:15-15:30	RCC - latest guidelines and techniques
15:30-15:45	CRLMs - guidelines and techniques
15:45-16:00	My practice can only afford ONE ablation device - which one should I get?

Matthew Johnson
Ahmed Kamel
Philippe Pereira
Wali Badar
Constantinos Sofocleous
Robert Dixon
Constantinos Sofocleous
Marco van Strijen

16:00-16:30

TEA

16:30-18:00

SESSION 4: DIALYSIS AND RENAL IR

Chairs: Werner van Straaten & Mamadou Sanogo

16:30-16:45	Venous access for dialysis - technique, surveillance and management of complications
16:45-17:00	Management of the dysfunctional AV fistula
17:00-17:15	Endo AVF - patient selection, technique and outcomes
17:15-17:30	IR of kidney transplant complications- overview
17:30-17:45	Urological interventions - stones, leaks and obstruction
17:45-18:00	Renal angiomyolipoma - management guidelines and role of IR

Bill Majdalany
Shams Iqbal
Ahmed Kamel
Matthew Johnson
Fabian Laage Gaupp
Gregory Makris

18:00-19:00

Cocktails | Congress Exhibition Hall

20:00-22:00

Faculty Dinner | Invitation Only

08:30-10:30

SESSION 1: TRAUMA & MISCELLANEOUS

Chairs: Michelle da Silva & Tim Fotheringham

08:30-08:45	Trends in IR usage in USA - lessons for Africa
08:45-09:00	Pelvic trauma
09:00-09:15	IR for neck vascular injuries
09:15-09:30	Post-surgical hemorrhage
09:30-09:45	Bile duct injuries
09:45-10:00	Complex IVC filter removal
10:00-10:15	Thyroid ablations - anatomy, indications, patient selection and techniques
10:15-10:30	Varicose veins - basic anatomy, pathophysiology & IR and surgical option

Osman Ahmed
Darren Klass
Werner van Straaten
Mamadou Sanogo
Tim Fotheringham
Robert Dixon
Charles Ray
Ravul Jindal

10:30-11:30

BRUNCH & EXHIBITS

11:30-13:30

SESSION 2: NON-VASCULAR IR

Chairs: Eric Mbuguje & Kelvin Hong

11:30-11:45	Difficult biliary access - tips and tricks
11:45-12:00	Percutaneous cholangioscopy
12:00-12:15	Chemo port insertion - overview of technique and management of complications
12:15-12:30	Percutaneous gastrostomy and other (jejunostomy, caecostomy etc)
12:30-12:45	Complex pancreatic necrosis and collections
12:45-13:00	Non-surgical management of bowel fistulas
13:00-13:15	When things go wrong - always have plan B
13:15-13:30	IR morbidity and mortality - overview

Behnam Shaygi
Kelvin Hong
Nii Koney
Mamadou Sanogo
Shams Iqbal
Tim Fotheringham
Sailendra Naidu
Osman Ahmed

13:30-14:00
